WIDER IS CAUGHT WILL ADMIT THEFT

Defaulting Cashier Who Stole $500,000 in Securities in New York.

WIFE CAUSED HIS ARREST

Detective Traced Him to Restaurant Where He Was Hiding—Sent to Tombs Under $25,000 Bail. Details of Arrest.

New York, July 29.—A frail little man with gray cheeks and hollow eyes in whose manner and presence there was nothing to suggest that single handed he had coolly lifted $500,000 in bonds and stocks from the strong box of a bank, was arrested today in a downtown restaurant, not five minutes' walk from the bank he had robbed. He was Edwin Wider, the missing cashier of the Russo-Chinese bank.

In the court of general sessions his lawyer, Leon Ginsberg, said that he would plead guilty and he was committed to the tombs in default of $25,000 bail.

Ginsberg pleaded vainly with Judge Warren Foster for a lower amount, saying "none of this money is in my client's possession. It was all swallowed up in Wall Street speculation."

Almost as Wider was arrested, the grand jury handed up an indictment against him, charging specifically that he stole three certificates, one of 50 shares and two others of 25 shares each of Baltimore & Ohio stock, and that he disposed of them through the brokerage house of Dick Brothers on May last. These particulars indicate that the process of theft had been going on for weeks and possibly for months before it was discovered.

How such a state of affairs could have existed is difficult to understand, for at least three other officers of the bank had access to the safety deposit box in which the bank's securities were kept, and the box itself was brought daily to the offices of the bank, where it was kept during business hours in the bank's safe. Brokers with whom Wider traded have said that he called up from the bank to give them orders over the telephone.

The arrest today was due to the persistence with which detectives trailed Wider's wife. She was in consultation last night with Mrs. Ginsberg, whose husband, besides being Wider's lawyer was also his neighbor, and thence she was traced today to the restaurant where her own husband was arrested. Wider himself was pitifully broken. His lawyer said he was a sick man and he looked it. As he was led into the tombs he collapsed.

Ginsberg's statement today that all the sum stolen had been eaten in the speculation would seem to indicate that the bank will never recover a dollar. Wider will be arraigned for pleading next Monday.

Wider Explains His Undoing.

In his cell in the tombs Wider tonight made the following statement:

"I never thought of the probable consequences of my act. I never thought of anything except that I had an opportunity in Wall Street to make money. And it seemed safe too.

"My pay at the bank was so small I could not live and keep my family in the way I saw my friends keep theirs." Wider's pay is said to have been $1,200 a year.

"I kept thinking about the way in which money was made in the stock market. I heard how easy it was and that any one could get in there and speculate. The risk, I was told, was nothing.

"I talked the situation over carefully with men who told me they knew all about stocks and speculation. Then I decided to take a chance.

"But I never had a chance. It was always, always messages from the brokers for 'more margin, margins, more margins.' They seemed insatiable.

"Not, however, until I was in so deep that I could not see my way out did I get reckless. At least I didn't think I was reckless at the beginning, but I realize it now.

"Then when I had got in practically up to my neck I went the limit. It couldn't be much worse, I thought and any day it might turn in my favor and here I am."

PEACH GROWERS TO SUE.

Georgians Claim to Have Suffered to Extent of $100,000.

Atlanta, Ga., July 29.—Indignant over the fact that the recent refrigerator car famine cost them $100,000 or more, peach growers of Georgia will make a determined fight to force delinquent transportation companies to make good the shortage.

The Georgia Fruit Exchange, which is developing a degree of efficiency equal to that of the powerful California Citrus Exchange in looking after the interests of its members, will make a determined fight with this end in view, appealing to the Georgia railroad commission and the outcome of the fight will be eagerly awaited in both fruit growing and transportation circles.

Week-End Dance Tonight.
Tonight at Lumina week-end dance. **

COTTON OPERATORS HAVE BIG PLANS

Purpose to Revolutionize Industry in United States Made Plain.

HAMMOND AND SULLY LEADERS

Scheme to Establish Warehouses Throughout Cotton Producing Districts—Claim it Will Save Fifty Million Annually.

Boston, Mass., July 29.—Having for its purpose revolutionizing the cotton industry of the United States a conference was held today at the home of John Hays Hammond, of Gloucester, at which there were present, besides Mr. Hammond, Daniel J. Sully, the New York cotton operator and Scott Dalgleish, of Cairo, Egypt, the representative of the Hirsch syndicate of London.

Briefly, the idea is to establish warehouses in all parts of the cotton producing districts of this country, as well as in the manufacturing centers, for storing the cotton crop, so that instead of selling it from hand to mouth, as it has been practiced heretofore, it will be marketed through the entire crop when desirable.

It is said that economies will result in a saving of not less than fifty million dollars annually.

The General Cotton Securities Company of which Mr. Hammond is president, and Mr. Sully is vice president and general manager, is to be the organization through which this economy is to be effected. The Hirsch syndicate, it is understood, has already underwritten the project.

Gloucester, Mass., July 29.—"Any formal statement of our plans would be premature, as we have met today only for an informal discussion of the possibilities of the plan to establish cotton warehouses," was the answer that Messrs. Hammond, Sully and Dalgleigh made tonight when questioned concerning the results of their conference today. The conferees wished to make it plain, that their object in considering such a plan was not to corner cotton, but to help the cotton raiser. Should their plan be consummated they say, they hoped to bring about the standardization of cotton and to assist the grower in selecting the proper seeds. No definite steps were taken today and probably none would be for some time they said.

Messrs. Sully and Dalgleish left Gloucester tonight for Boston.

Sully's Project Favorable.

Atlanta, Ga., July 29.—The project of Daniel J. Sully and associates to establish bonded cotton warehouses throughout the South and at various manufacturing centers throughout the country, the tentative plans of which already have been laid before bankers and cotton factors of the South by Mr. Sully in person, has met with a favorable reception throughout the cotton growing States.

Following the visit to Atlanta last week of Messrs. Sully and Dalgleish, the Atlanta Chamber of Commerce, yesterday adopted a resolution favoring the establishment of a chain of warehouses such as Mr. Sully proposed. President Fred J. Paxson, of the Chamber of Commerce, said the successful operation of the Sully plan would greatly aid the South in financing the cotton and believed it would result in the saving of millions of dollars yearly to the cotton growers.

During the recent visit of Messrs. Sully and Dalgleish to Atlanta, it was announced that the warehouse which it was planned to build or buy throughout the South in time for handling much of the 1910 cotton would be bonded by the Hirsch syndicate of London. On the cotton stored in the warehouses negotiable certificates are to be issued, intended to be available as collateral in either this country or Europe.

ROAD SETTLES WITH MEN.

No Further Danger of Strike on Pennsylvania System.

Pittsburg, July 29.—All differences between the Pennsylvania Railroad Company and its men on lines west of Pittsburg have been satisfactorily adjusted.

The statement was made by General manager G. L. Peck of the lines west tonight, following the concluding conference today of nearly three weeks negotiations. A new wage scale was signed which covers technicalities in working conditions of which the men complained. The basis of adjustment is practically the same as the New York Central road with wages slightly higher, according to G. H. Sims, vice president of the Order of Railway Trainmen.

CUTTLEFISH IS AGROUND

Flagship of Third Flotilla Torpedo Boats In Distress.

Annapolis, Md., July 20.—According to information received here late tonight the Cuttlefish, flagship of the third flotilla of submarine torpedo boats, is aground off Chesapeake Beach a Summer resort 30 miles below Annapolis. Lieutenant I. V. McNair called on the naval academy for aid and the Viper and Tarantula were dispatched at midnight to the aid of the Cuttlefish. Information obtainable here is meagre but it is supposed the Cuttleship's engines became disabled and that she drifted on a bar.

Two Foreign Presidents To Visit This Country

Washington, July 29.—Who is going to give an official welcome to General Hermes de Fonseca, president of Brazil, and President Pedro Montt, of Chile? Some one must, and official Washington is away on a vacation. President Taft and all the members of his cabinet have deserted the capital, and none have expressed a desire to leave the cooling Summer resorts for heavy and dignified State dinners. But someone must, and it looks now as though President Taft will have to do the honors. President Montt, of Chile, (on the left) arrives in New York August 2nd, while General Fonseca (on the right), will be a week later, according to the present programme. And to add to the discomfort of official Washington the Sultan of Sulu is on his way across the country with a handful of pearls which he wants to sell for real money. It's no fun being a member of Uncle Sam's official cabinet in the Summer time and Presidents of other countries wanting to be entertained.

ARREST OF CRIPPEN PLANNED

Steamer Montrose With Wife Murdered Aboard Expected Sunday—London Detective Ready to Greet the Fugtive.

Father Point, Que., July 29.—The man who holds the key to the Crippen case, Inspector Dew, of Scotland Yard, arrived today from London on the steamship Laurentic and is waiting here to unlock the secret of the steamship Montrose, which will arrive at Father Point on Sunday. Dew is the English police officer who made an examination of Dr. Hawley H. Crippen's home in London after the disappearance of the doctor's actress wife, Belle Elmore.

Inspector Dew probably is the only man in America tonight qualified to say with certainty whether the two persons who sailed on the Canadian Pacific liner Montrose from Antwerp on July 20th under the name of John Robinson and John Robinson, Jr., are Dr. Crippen and his typist, Ethel Leneve. He will board the Montrose when she stops here to take on her river pilot; he will seek out the two persons on board whom Capt. Kendall believes are Crippen and Miss Leneve and if he clinches the captain's suspicions, the so-called "Robinson" will be arrested by the Canadian police officers, who are waiting here with warrants charging Crippen with the murder of an unknown woman. His companion will be held as an accessory.

Chief McCarthy, of the Quebec police, who met Dew here today, says he is confident that the suspicions of the Montrose's skipper will prove correct and from Quebec Crippen and Miss Leneve will be sent back to England for trial.

The wireless station here resounded all day with messages being exchanged between the Canadian authorities, the Scotland Yard Inspector and the captain of the Montrose.

An immense amount of red tape had to be unrolled before the London detective could be landed here from the White Star Liner Laurentic on which he crossed the ocean. She arrived here shortly before 4 o'clock this afternoon.

The long expected detective proved to be a large florid faced man with an impenetrable reserve. He immediately dodged behind the Canadian police officer and declined to discuss the case. "I am sworn to secrecy," he said. "I cannot answer any of your questions."

Dew later drove with the Canadian detectives to a boarding house, where they will stay until the arrival of the Montrose.

Passengers on the Laurentic say that Dew guarded his identity from them until yesterday when a bombardment of wireless queries revealed the fact that he was aboard. He was on the passenger list as "Dewhurst."

The fact that he sought out Chief McCarthy, the Quebec police here seems to indicate that the provincial officers and not dominion authorities will arrest Crippen if he is aboard the Montrose. When Constable Chas. Gouvreau, of Rimouski, five miles from here, who has been authorized by the dominion police to make the arrest, presented his card to Dew, the latter waived him aside and the Rimouski detective made no further effort to approach him.

The Montrose will enter the mouth

(Continued on Page Eight.)

CLOSE OF BI-CENTENNIAL

Firemen's Ball Last Night—Inter-State Races Yesterday, World's Record Established By Spencer Team—Hose Wagons.

Newbern, N. C., July 29.—The bi-centennial celebration of Newbern came to a close tonight with the firemen's ball at the Court House, which was attended by many of the visiting firemen who were here attending the State firemen's convention. The celebration, which began Monday, was a complete success having been attended by people from various parts of North Carolina.

Today's programme included the inter-State races between teams of fire departments of a number of North Carolina cities and other States. In the grab reel race of 100 yards a world's record was established by the Spencer, N. C., team, which won in 17 seconds. This is one-fifth of a second better than the previous world's record made yesterday by the Salem, N. C., team. In the hand reel race of 150 yards, Salisbury, N. C., Southside team was winner of the $100 prize. Its time was 24 2-5 seconds.

During the afternoon the horse hose wagon race of 200 yards was held. It was won by Kinston, N. C., in 29 seconds, the prize being $100. Asheville, N. C., No. 2 was second in 29 1-5 seconds, winning $75.

KILLS TWO AND ESCAPES.

Granite Contractor Runs Amuck and Series of Crimes Result.

Quincy, Mass., July 29.—After killing two persons and wounding three others at whom he shot in an unexplained frenzy, Louis Restelli, a granite contractor made his escape late today and tonight was at large. His mother, Mrs. Rose Restelli, 65 years old, and Henry E. Hardwick, aged 56 years, one of the most prominent granite manufacturers in this city from whom Restelli rented his place of business, are dead.

OUTLINES.

A boom has been launched in New York to run Gifford Pinchot, former chief forester, for the governorship of that State to succeed Gov. Hughes. Ex-President Roosevelt has been asked to support his candidacy——Edwin Wider, who stole $500,000 in securities from the Chinese-Russo bank, was caught in New York yesterday and will plead guilty to the theft. He was landed in the Tombs in default of security——Several cotton operators in Massachusetts yesterday devised plans to revolutionize the industry in the United States. Hammond and Sully are behind the scheme——Detectives Dew arrived at Father Point, Quebec, yesterday to await the arrival of Dr. Crippen, who comes on the Montrose Sunday. Plans are being made for his arrest——Associate Justice Moody will retire from the United States Supreme Court bench in the Fall——New York markets: Money on call easy 1 1-2 to 2 per cent., ruling rate 1 3-4, closing bid 1 3-4, offered at 2 per cent.; flour quiet, easy; wheat spot easier No. 2 new red 1.07 elevator to arrive and 1.08 1-4 f. o. b.; corn spot weak No. 2, 72 1-4 nominal elevator, domestic basis to arrive; oats weak, mixed nominal; rosin and turpentine steady; spot cotton closed quiet 7 points lower, middling uplands 15.35, middling gulf 15.60.

PINCHOT MAY RUN FOR GOVERNORSHIP

Roosevelt Asked to Support Candidacy of His Former Chief Forester.

LINDSEY LAUNCHES NEW BOOM

Teddy Does Not Look Unkindly On It, But Declined to Make Public Comment—Hughes Followers Would Suport Him.

New York, July 29.—Gifford Pinchot, former chief forester under Theodore Roosevelt, took place today upon the list of possible candidates for the Republican nomination for governor of New York and Theodore Roosevelt was asked to support his candidacy.

Although the ex-President is carefully suppressing everything which in any way resembles an outspoken declaration in favor of any candidate he showed great interest in this latest boom and it is believed that he does not look unkindly on it.

Dr. Samuel McCune Lindsay, former commissioner of education of Porto Rico and now a professor of Columbia University, is the man, who launched the new boom. He had a long and confidential talk today with Col. Roosevelt and left with the air of a man well pleased with the turn things had taken. His auditor listened with the greatest interest, but explained that he could make no public comment.

Dr. Lindsay explained that, although Mr. Pinchot has often been absent from New York State in recent years, he has always retained his legal residence in this city and has regularly voted here. Dr. Lindsay is a close friend of both Col. Roosevelt and Mr. Pinchot. In connection with other friends he has been working quietly on the Pinchot boom for some time, and first suggested to Mr. Pinchot himself the possibility that he might run. No definite answer, he said, was returned.

Col. Roosevelt was told today, that in the opinion of Mr. Pinchot's friends, he could draw support from the same sources which had given power to Governor Hughes in past campaigns.

Mr. Pinchot is represented as in sympathy with the general trend of the Hughes progressive policy, and it is pointed out that since he has an ample private fortune, he would be able to meet the expenses which the office entails, a consideration said to be largely responsible for the decision of William Loeb, Jr., collector of the port of New York, not to become a candidate for the nomination.

Mr. Pinchot is now on his way East from California, and on his return will have another conference with his old chief, Col. Roosevelt. Dr. Lindsay will tell him then that as Governor of this State he could continue the work of conservation with which his name has become associated in National policies. It will be represented that there remains a large field for work which the Federal government cannot undertake, but which the Governor of New York, as a member of the House of Governors, could forward with commanding presence.

Dr. Lindsay defined Gifford Pinchot as an insurgent with a difference. "Mr. Pinchot," he said, "is an insurgent so far as conservation goes, and presumably his sympathies lie with the insurgents on other questions; but he cannot be classed as a full fledged insurgent. He is a progressive.

"The personal relations between President Taft and Pinchot have always been pleasant and they were not interrupted by their differences over the conduct of the Interior Department. We who favor his candidacy do not consider that his nomination could be taken as an affront to the National administration.'

There were a number of other callers at the Colonel's editorial offices today, among them Senator Beveridge, of Indiana; Charles P. Neill, Federal Commissioner of Labor, Judge Alston G. Dayton, of West Virginia; Marcus Braun, United States Immigration agent; Judge Oscar R. Huntley, of Alabama, and Marcel Vernet, of Paris, a member of the Legion of Honor.

TWO DROWNED NEAR SAVANNAH

Oliver and Officer's Son Lost Lives When Launch Sank. Several Others Had Frightful Experience.

Savannah, Ga., July 29.—At least two persons were drowned and several others had narrow escapes from death when a covered launch, owned by the government and used by the soldiers at Fort Screven, was sunk in Lazaretto Creek, near the fort this afternoon while the outgoing tide was rushing through the creek at racehorse speed.

The dead are Sergeant Oliver, one of the best known non-commissioned officers in the coast artillery corps and the six-year-old son of Sergeant Blake.

It is believed that Sergeant Oliver, who is an old man, lost his life while trying to save that of the child.

A woman member of the party was caught by the tide and carried down the creek for several hundred yards, screaming for help, until she lost consciousness. She was rescued by fishermen, hurried to the bank and was revived. Other occupants of the launch, it is believed now, escaped safely.

The accident occurred where the Tybee railroad crosses the creek on a low bridge. The top of the launch struck the bridge, the craft careened and was swept under water in a moment. A passenger train reached the bridge soon after the accident.

Passengers cared for the survivors. A report of the accident at Fort Screven caused a detail of soldiers to be sent to the scene in order to recover the bodies. It is understood that the search will be very difficult as it is believed the tide carried the bodies out into the wide mouth of the Savannah river, and possibly to sea. The survivors, dripping and still suffering from fright, were taken aboard the train and hurried to the fort.

FELTON GOES TO TAFT.

Urged Upon Him Necessity of Increasing Freight Rates.

Beverly, Mass., July 29.—S. M. Felton, president of the Chicago Great Western Railroad, one of the three Western railroad presidents who visited Washington early this Summer after the President had directed that injunction proceedings be brought against 24 Western roads to prevent an increase in freight rates, dropped in on the President at Burgess Point today.

The question of freight rates came up, however, and Mr. Felton urged upon the President the necessity and importance of allowing freight rates to be increased. The President replied that the matter was entirely in the hands of the Interstate Commerce Commission, and that he did not intend to interfere in any way. Mr. Felton was told that the law gives the Interstate Commerce Commission full authority to act. Mr. Taft assured his visitor that the railroads would get justice.

RE-CALLED TO VATICAN

Marquis DeDjede Spanish Ambassador—Some Action Awaited.

San Sebastian, Spain, July 29.—At the conclusion of a conference this evening between King Alfonso and Premier Canalejas it was announced that Marquis Emilio deOjeda, Spanish ambassador to the Vatican, had been recalled.

Madrid, July 29.—The news of the recall of Marquis DeOjeda, Spanish ambassador to the Vatican, caused a profound sensation in the capital this evening, though the clerical and anti-clerical forces foresaw the break. Should the Vatican refuse to allow conciliation the government will immediately proceed with its measures of reform, including the restriction of religious orders and the regulation of education and the general relations of the church and state.

As a measure of precaution all religious demonstrations arranged for Sunday have been prohibited. The Viscayan Catholics declare that they will march to San Sebastian as a protest against this measure.

STATE ALLIANCE IS FORMED HERE

North Carolina Branch of Great German-American Society.

ORGANIZATION COMPLETED

Regular Election of Officers in October—Constitution and Membership Committee—Addresses Last Night.

Under the most happy auspices, last night in the handsome club rooms of Hanover Seaside Club, on Wrightsville Beach, the organization of a North Carolina Branch of the National German-American Alliance, which had its inception at the recent bi-centennial celebration at Newbern, was completed with all the temporary officers made permanent until the time for the regular annual election in October, these officers being Mr. M. G. Tiencken, of Wilmington, president; Mr. W. F. Aberly, of Newbern, vice president, and Mr. John G. L. Gieschen, of Wilmington, secretary and treasurer.

The North Carolina Division had as its guests for the occasion the Hon. John D. Cappelman, of Charleston, S. C., fourth vice president of the National Alliance, and Mr. Adolph Timm, of Philadelphia, secretary of the National Alliance, both of whom favored the large audience with interesting addresses and were later entertained in most hospitable manner by the Hanover Seaside Club at an elegant luncheon. The visitors expressed themselves as highly pleased with their entertainment both here and at Newbern and expressed their greatest satisfaction with the North Carolina Division, which will have its headquarters in Wilmington.

The visitors were welcomed last night by Mr. Martin Schnibben, president of the Hanover Seaside Club, and Mr. M. G. Tiencken, president pro tem. of the North Carolina Division of the Alliance, stated the object of the gathering, reviewing what had been done at Newbern and what it was proposed to be done at the Wrightsville meeting. He called on Mr. Trimm, secretary of the National Alliance, who addressed his auditors in German, making a lengthy explanation of the objects and aims of the Alliance; what it has accomplished, its principles, purposes, etc. He was heard with the greatest interest.

Hon. John D. Cappelman was introduced and spoke in a general way of the Alliance and was received with that same warm enthusiasm and admiration, which featured his original visit here a few weeks ago. It was at once determined to form the North Carolina Division and the following committee was appointed on permanent organization and constitution, Messrs. M. Schnibben, J. W. H. Fuchs, W. B. Schuler, E. Grossman and J. G. L. Gieschen. The committee retired for conference and reported a little later, recommending the principles of the National Alliance as suitable and appropriate for the State division. The officers will consist of a president, four vice presidents, a secretary and treasurer and an executive committee of fifteen, these to be elected in October but for the present, it was recommended that the temporary organization be made permanent as stated above, with Mr. Tiencken as president, Mr. Aberly vice president and Mr. Gieschen, secretary and treasurer.

An important committee named was that on membership, this being composed of Messrs. John H. Rehder, H. Gieschen, J. W. H. Fuchs, Frank Herbst, John Niggel, George Heyer, Charles Schnibben, Theo. Grossman, Jos. Schad, M. Rathjen, C. W. Polvogt, Wm. Brach, Wm. Tiencken, of Wilmington; W. F. Aberly, of Newbern; F. H. VonEberstein, of Chocowinity. The committee will go to work at once and enlist the support and membership of everyone who ought to identify himself with the organization. All present last night signed for membership with the outlook for a very material increase of the number within the next few days. A final report from the committee on constitution and by-laws will be made within a short time.

Mr. Cappelman, whose presence has been such an inspiration to the German-Americans of the city and State, will leave on the early morning train today for his home at Charleston, and Mr. Timm, whose efforts in behalf of the local organization have been much appreciated, will sail on the Clyde Line steamer this afternoon for his home in Philadelphia, going via New York. It has been a source of great pleasure to have had both the distinguished visitors in the State and it is hoped that they will come to Wilmington again and often.

Young men of Duplin county who are about to cast their first vote and those who have voted the Republican ticket in the past are all invited to come back into the Democratic party. The ticket is named and their names appear elsewhere in this issue. Join hands with us today for a good, clean and honest government. Become a Democrat at once and get on the band wagon of Thomas Jefferson, Matt W. Ransom, Chas. B. Aycock, R. B. Glenn, Lee S. Overman, F. M. Simmons, W. W. Kitchin and Locke Craig and our State is safe and the homes and firesides of the people shall be protected for all time.—Eastern Carolina News.

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

THE SAME SAD, OLD STORY

Sailors Couldn't Hit in Pinches and Another Close Contest Went to Fayetteville—Score Was Two to Nothing.

Results Yesterday.
Fayetteville 2; Wilmington 0.
Wilson 3; Rocky Mount 0.
Goldsboro 0; Raleigh 3.

Where They Play Today.
Wilson at Rocky Mount.
Fayetteville at Wilmington.
Goldsboro at Raleigh.

It was the same old story—the Sailors were helpless as babies at every pinch where a hit would have counted, and Fayetteville walked off with the second game of the series on the local grounds yesterday afternoon, the score being two to nothing. The Sailors garnered five hits to the Kilties' four, but they were so badly scattered that the only good they can accomplish is to fatten the averages a little.

Howard and Mayer were the opposing twirlers and both pitched very good games, each issuing transportation to one man only. The first three men up were out in order and in Wilmington's half Cooper went to first when short threw wild to first, and was sacrificed to second by Dubbs, but Tydeman died on first and "Smiling Al" fanned. In the second, Peartree was safe on error of Cooper on throw to first, and was sacrificed to the next pillow by Landgraff, but Boyle and Hartley fanned and flew out respectively. In Wilmington's half, Doak was out on first, Mills singled to left, but Kluttz dropped a foul into Hartley's hands, and Mills was caught hooking second.

"Rube" lost the game in the third when after Cantwell had ethered, Mayer was given four balls, and was advanced to third by Mullen's single down right foul line. Mullen stole second, and Dwyer, next up, lifted a long sacrifice fly to center, scoring Mayer and putting Mullen on third, but O'Halloran expired, short to first. In the last half Kite started with a single over second, Howard attempted to sacrifice, but Hanks was caught off first. Cooper singled to center, but was caught trying second, which ended the frame. In the fourth Peartree singled to left, and went to second when the ball went through left, Landgraff fanned and Boyle flew to second, who threw to Dubbs catching Peartree off the bag. Hartley was out third to first. In the last half, after Dubbs and Tydeman had gone through the customary process of striking out, Orth lifted a single to left, but Doak was out on first. For the next two and a half innings, both sides were retired in one, two, three order, but in the last half of the seventh, Tydeman was given first on balls, and went to second on a passed ball. Orth flew to center, Doak fanned again, Tidy annexing third while he was going through the process. Mills next up, was walked and stole second, but Kluttz fanned, ending all hope for a score. In the eighth, after the Kilties had been retired in order, and Kite and Howard had been retired, Cooper poled one to center, but Dubbs hit to the infield and Cooper was out on second on fielder's choice.

In the ninth Dwyer started with a single to right, but O'Haloran forced him at second, stealing second himself. Peartree was out on first and O'Halloran took third, scoring on Landgraff's single to left, after which Boyle struck out. Wilmington was out in order.

The Tabulated Score.

Fayetteville.	AB	R	H	PO	A	E
Mullen, cf	4	0	1	1	0	0
Dwyer, 1b	3	0	1	11	0	0
O'Halloran, 2b	4	1	0	4	2	0

Score By Innings.

Fayetteville	001 000 001—2
Wilmington	000 000 000—0

Summary—Sacrifice hits, Landgraff and Dubbs; sacrifice fly, Dwyer; stolen bases, Mullen, O'Halloran, Tydeman and Mills; double plays, Dwyer to O'Halloran; bases on balls, Mayer 2, Howard 1; struck out, by Mayer 7, Howard 6; passed ball, Hartley; time 1:20; umpire, Henderson; attendance 385.

RUBE-RICAL RHAPSODIES.

Another one—

Which we should have won.

That makes four straight we've donated this week.

Getting just a little monotonous, this losing day after day with everything in our favor.

It is imperative that the management get a line on one or two good batters, or—the subway for us.

Any way there should be a good crowd at the game today for it may run overtime before Fayetteville scores.

The way the Sailor crew is going now, they stand about as much show to score an earned run as if the team was composed of snow men.

On three different occasions yesterday it looked as if a bunch of kids could have brushed the dirt off the home plate, but every time the batsman smote the air wildly without any success.

Some of the Sailors who were starring so brilliantly with the pole at the beginning of the season could not be recognized in the games here this week.

"Laughing Al" Orth held down second, and while he did not get in any star batting, he accepted the few chances which came his way in a manner which shows where he's been.

GIANTS SHUT OUT BIRDS

Score Three to Nothing at Raleigh Yesterday—Lathrop in Fine Form—Attendance Was Rather Disappointing.

(Special Star Telegram.)

Raleigh, N. C., July 29.—The splendid form of Lathrop in the box for Raleigh and the very ragged work of Merchant, Goldsboro's pitcher, enabled the Red Birds to shut out Goldsboro this afternoon and score three runs. Raleigh rooters were immensely pleased with the work of the entire team, but the attendance was a decided disappointment.

The Tabulated Score.

LEANS AND FATS PLAY.

Lively Game Yesterday at Goldsboro as a Big League Benefit.

(Special Star Telegram.)

Goldsboro, N. C., July 29.—The greatest baseball game since the days of the old Goldsboro club of 1893 was played in this city this afternoon between the "Leans and Fats" for the benefit of the local league team.

At 4 o'clock most all of the business houses suspended business in order that the clerks might take in and enjoy the game. Promptly at 4:30, Colonels Jos. E. Robison and W. T. Dortch, the umpires selected to handle the indicator, both of whom were heavily armed, each carrying an army pistol, butcher knife and a club, called the game amid the shouts and applause from the throats of more than 1,500, some of whom had never before been to a ball game.

The game was commenced with Mayor Higgins at the bat, who started the ball rolling by knocking a home run off the first ball pitched, but fainted as he passed third base and had to be assisted in reaching home plate by his team mates. Add Holland, a traveling man from Baltimore, was selected to do the twirling for the "fats," and during the fifth inning a line drive struck him between the eyes, smashing his eyeglasses and causing a stream of blood to flow from his nose. At this juncture Mr. Holland refused to pitch any longer, whereupon Umpire Dortch had him arrested and taken out of the ball park.

Considerable excitement was caused in the second inning due to Umpire Dortch's firing three shots at Mr. "Bob Pipkin" who disputed a decision rendered against him on first base, several ladies fainting while others made the welkin ring with frightened screams. Umpire Robinson and Dr. E. C. Vitou came to blows during the third inning, but the only damage done was each received a discolored eye.

The game was finally called on account of darkness after the fifth, the score standing 22 to 13 in favor of the fats. Score by innings:

		R	H	E
Fats	742 36—22	37	14	
Leans	190 21—13	19	26	

Batteries: Holland, Grainger and Stanley; Bass and Stanley.

BACHELORS AND BENEDICTS.

Will Play Game of Baseball at League Park Early in August.

Baseball enthusiasts in this city will be interested to learn that early in August a game will be played between the Bachelors and the Benedicts. The teams will be selected from the bankers, doctors, lawyers, wholesale and retail merchants, grocers, hardware men, saw mill and lumber mill men, brokers, politicians, of the city, and the game will be played for the benefit of the Associated Charities, under the distinguished patronage of the clergy, Rev. Dr. A. D. McClure being the president of this splendid institution. There will doubtless be a large crowd at League Park to witness this interesting game, and the rooters and "rooterinas" will be out in full force, to encourage their favorites. The date will be announced later. The game is being anticipated with much pleasure, not only by the contestants, but also by a large number of their friends who expect to witness the game.

AUTO WRECK AT STAUNTON

Three Seriously Hurt, One Not Expected to Recover.

Staunton, Va., July 29.—W. G. Moffat is in a dying condition and L. Bowman and Daniel Porter, are seriously injured, as a result of an automobile accident here early today. The three men, all of whom are prominent in this city section, were returning from Harrisonburg in the machine, which was speeding along one of the roadways approaching this city, when it skidded and crashed with terrific force into a telegraph pole. The automobile was smashed into splinters. The occupants of the car, which was driven by Chauffeur Jones, of Lynchburg, were hurled through the air upon the debris and rocks. The chauffeur escaped serious injury.

THE PITCHERS EFFECTIVE

Few Hits in Game That Went Wilson's Way at Rocky Mount Yesterday. Hit Robbing Was Frequent—Score.

(Special Star Telegram.)

Rocky Mount, N. C., July 29.—Pitchers' effectiveness made few hits today while the favors went Hearne's way. McCathran showed everything and with it hard luck, for with proper fielding only two hits would have been credited and scoring cut off.

This could not have won for the crew failed again to score behind him. Both teams fielded well and hit-robbing came frequent.

The Tabulated Score.

Summary—Sacrifice hits, Forgue, Phelan, Westlake; hit by pitched ball, McCathran 2, Hearne 1; struck out McCathran 2, Hearne 3; stolen bases, C. McGeehan; two base hits, Creagan, Miller; double plays, Gillespie, Gastmeyer to Phelan; left on bases, Rocky Mount 6, Wilson 4; time 1:20; umpire, Sharry; attendance 525.

AMERICAN LEAGUE.

Boston, July 29.—Wood held New York to one hit until the ninth inning when the visitors got three more and these with an error resulted in a 3 to 1 New York. The victory puts New York back in second place in the league standing.

New York	010 000 020—3 4 0
Boston	000 000 000—0 10 0

Manning and Mitchell; Wood and Carrigan; time 2:10; umpires Kerin and Connolly.

Philadelphia, July 29.—Philadelphia shut out Washington today. Coombs kept Washington's hits scattered and was given splendid support.

Washington	000 000 000—0 6 4
Philadelphia	001 000 21x—4 4 1

Groom and Henry; Coombs and Lapp; time 1:27; umpires Egan and O'Loughlin.

Chicago, July 29.—Eddie Summers held the Sox to one hit this afternoon, Detroit winning a brilliant pitching duel 1 to 0. Cobb was responsible for the lone tally scoring from second on an infield hit in the seventh.

Chicago	000 000 000—0 1 3
Detroit	000 000 100—1 6 0

Walsh and Sullivan; Summers and Schmidt; time 1:32, umpire Perrine.

DECIDE RAWN KILLED SELF.

Verdict of Jury That Probed Death of Railroad President.

Chicago, July 29.—The coroner's jury empanelled to inquire into the death of Ira G. Rawn, late president of the Monon Railroad, returned an open verdict at 3 o'clock this morning, but found that he died from a shot fired from his own weapon by his own hand.

The verdict is as follows:

"We, the jurors sworn to oath to inquire into the death of Ira G. Rawn at his home in Winnetka on July 20, find that he came to his death at 1:20 o'clock on the morning of July 20 from shock and hemorrhages caused by a bullet from his own revolver, fired by his own hand, but whether this was accidental or with suicidal intent, this jury is unable to determine except that the location of the wound and the type of revolver rendered the accident theory less probable."

The verdict was so worded as to show that Mr. Rawn was believed by the jurors to have been responsible for his own death, but the question of suicide or accident was left to be fought out by the family and the insurance companies. It took several hours' deliberation to reach a finding. One of the chief points involved in the long discussion was how to word the document in such a manner as not to deprive Rawn's family of any legal rights the members might have under the $110,000 of accident insurance policies left by him.

Two of the six jurors held out for a long time for a verdict of suicide; two others held to the accident theory. The verdict was a compromise between these divergent views.

Representatives of the Illinois Central Railroad declined to testify and put the refusal on the ground that to give information would imperil pending litigation.

PICTURES HURTFUL.

Texas Bars Reproductions of Prize Fights and Train Robberies.

Austin, Texas, July 29.—By a viva voce vote the lower house of the State Legislature has passed to engrossment a bill prohibiting the exhibition of moving pictures of the Jeffries-Johnson fight in this State.

An amendment prohibiting the pictures showing train robberies, and of those similar nature also was adopted.

The bill, which is regarded as one of the most drastic of its kind, provides a penalty of not more than ninety days, nor less than thirty days' imprisonment and a fine of not more than $500 or less than $200 for each violation.

Under its provisions, the owner of the place where the pictures are shown is also liable for punishment.

NATIONAL LEAGUE.

Brooklyn, July 29.—The Philadelphias pounded Bell hard today, but did not begin scoring until the sixth, and then they piled up runs for three innings. The final score was 5 to 2. First Baseman Jackson, from El Paso, Texas, joined the Philadelphias today. Pitcher Crabbe from Galveston reported to Brooklyn today.

Philadelphia	000 002 120—5 11 1
Brooklyn	000 000 020—2 6 1

Moore and Dooin; Bell, Miller and Bergen; time 1:51; umpires Rigler and Emslie.

New York, July 29.—The New Yorks took an uninteresting but quickly played game from Boston today by a score of 5 to 2. The one remarkable feature of the contest was that neither pitcher gave a base on balls.

Boston	000 000 002—2 8 0
New York	200 300 00x—5 11 1

Brown and Graham; Crandall and Myers; time 1:37; umpires Johnstone and Eason.

St. Louis, July 29.—Chicago won today's game from St. Louis 5 to 2 by bunching hits in the sixth and seventh innings. Reulbach was hit hard, but managed to keep them pretty well scattered.

St. Louis	010 010 000—2 9 1
Chicago	000 003 20x—5 7 1

Harmon, Geyer and Bresnahan; Reulbach and Kling; time 2:10; umpires O'Day and Brennan.

Pittsburg, July 29.—Pittsburg won an uphill game from Cincinnati 7 to 3 today by hitting Burns in the fourth inning and taking advantage of two of the visitors' errors in the seventh. White was hit hard at the start of the game, but Maddox, who succeeded him, was invincible.

Pittsburg	000 300 40x—7 7 0
Cincinnati	300 000 000—3 8 2

White, Maddox and Gibson; Burns, Benton and McLean; time 1:30; umpires Klem and Kane.

WALLACE VS. MOUNT OLIVE.

Pretty Game Won by First Named Yesterday Afternoon—6 to 5.

(By Long Distance Telephone.)

Wallace, N. C., July 29.—Wallace and Mount Olive met on the diamond here this afternoon and when the smoke had cleared from the field after an exceptionally fine contest, Wallace was the victor in a score of 6 to 5. The features were the pitching of Brown and Bannerman's batting for the locals. The two players named formed Wallace's crack battery while for Mount Olive the honors were "did" by Dawson, Oliver and Knowles. The attendance was good and the game was umpired by Mr. McGehan, of Philadelphia. The score:

Wallace	004 000 002—6 13 2
Mt. Olive	000 001 031—5 9 4

The locals play Faison on Monday afternoon.

BRICKELL'S STATE HISTORY

Reprint of Interesting Volume—Day's Doings at the Capital—Wake County Roads—Governor's Mother—Cutting Affray.

(Special Star Correspondence.)

Raleigh, N. C., July 29.—Brickell's History of North Carolina, the rarest of the early histories of the State, and one that has been practically inaccessible to the students of history generally for a long while, is being reprinted by the Secretary of State under authority of the trustees of the State Library.

The reprint, which is thoroughly standard in every respect, will be ready for delivery within a few weeks. The elaborate title of the book is: "The Natural History of North Carolina, with an account of the trades, manners, customs, of the Christian and Indian inhabitants. Illustrated with copper plates whereon are curiously engraved the map of the country, several strange beasts, birds, fishes, snakes, insects, trees and plants. By John Brickell, M. D., Dublin, 1737."

It is an interesting fact that the last copy of this book sold in this State cost the purchaser $40. Dr. Brickell was a physician in Edenton in 1731, and his history is regarded as the best description of the social, natural and ecomonic conditions of the colony. In his preface he says: "We here present the world with a natural history of North Carolina, it being a collection of most things yet known in that part of the world." There are chapters on the geography of the State, depth of harbors, inlets and rivers, on the corn and other agricultural enterprises, a discussion of the religious conditions, houses, clothing, diet, liquors, firing, diversions, commodities, language, diseases, curiosities, cattle and other characteristics, and resources of the State. The Indians, their habits and peculiarities, the vegetable and animal life, insects, birds, fish and other things come in for chapters fully and curiously illustrated, giving many animals, including buffalo, elk and panther, now extinct. The book has 417 pages and is amusing, curious and instructive throughout.

Charged with very seriously, if not fatally, cutting Zeb Statterfield, near Apex, Chas. Gibson has been jailed here to await the result of the wounds which consist of deep gashes in the breast and back and one that severed the muscular part of the arm. Gibson is said to have been drinking heavily, the difficulty occurring at a country store near Apex. Statterfield is said to have been trying to quiet the drunken crowd, when the cutting occurred.

For quite a while now a big squad of county convicts have been at work on the construction of a fine sand-lay road from Raleigh to the Johnston county line. The most important remaining link to be built has just been completed and the farmers throughout that section joined yesterday in a great big barbecue and Brunswick stew to the county road officers and the convicts who have done the work. It was a very notable affair at the fine country place of Thomas Turner. The county road officers say that within a very short time now they will have all the main roads leading from Raleigh to the county lines put in standard condition. Indeed they expect to have this accomplished before the State Fair opens in October.

Dr. B. W. Kilgore, State chemist and director of the State experiment farms just back from the Iredell county farm, says that the annual farmers' institute held there this week was phenomenally successful, something like 1,500 people having attended with the keenest interest. This farm is demonstrating best methods of fertilization and cultivation for Piedmont Carolina soils and the fact that the farm has been in operation long enough in an experimental way to present positive results the highest degree of benefit is being derived by the farmers.

Last afternoon there was a pretty home wedding at 411 North Blount street, the home of the bride's mother, in which Miss Ethel Jarvis Stronach became the bride of Mr. William B. Moore, of Waycross, Ga. Dr. White, pastor of the First Presbyterian church, performing the service. Miss Mary Stronach was maid of honor and Mr. Jno. Stoker best man. The bride is a daughter of the late Capt. A. B. Stronach, for many years active in the interests of Confederate veterans of the State and South at large. The bridegroom is a former resident of Wilson, now in business at Waycross.

News from the bedside of Mrs. Kitchin, mother of Governor W. W. Kitchin, is that she continues desperately ill with death expected at any time and yet with the possibility of lingering some time. The Governor and other members of the family continue at her bedside. The Governor will remain there at least until Monday. By that time whether there is change for the better or not, he will probably return to Raleigh at least for a short time to look into a number of State matters awaiting his attention.

OPERATIVE KILLED

Cotton Mill Man Near Monroe Struck by Seaboard Train.

(Special Star Correspondence.)

Monroe, July 29.—William W. Lee, an employe of the Icemorlee Cotton Mill was struck and instantly killed by Seaboard Train No. 132 last night at 8 o'clock. Deceased lived in the Icemorlee village and had gone across the railroad track to feed his hogs, just outside the town line. He had fed the hogs and was coming back along the railroad track. It is supposed that he thought he was at a safe distance from the train, for he must have heard it coming. The night was dark and the train was running down a heavy grade, and it is said that the engineer did not see Lee until it was too late to stop. Deceased was 46 years old. He leaves a wife and three children.

MAJOR STEDMAN'S NOMINATION.

If Elected He Will be Only North Carolina Confederate in Congress.

(Charlotte Observer.)

For several reasons peculiar interest attaches to the outcome of the Fifth Congressional District convention, which nominated Maj. Charles M. Stedman, of Greensboro, yesterday. It met twice, having failed to reach a nomination before, and even on the second occasion many ballots were necessary. Its difficulties arose in great part from the fact that all four candidates were beyond question good and fit men, as well as strongly befriended. This fact, together with the excellent feeling which prevailed, goes far to excuse the excessively prolonged deliberations. Delegates did not forget that here was a worthy rivalry, and that, moreover, dissension would injure or destroy the chance to regain what is now a Republican district. Major Stedman's late rivals, ex-Judge E. B. Jones, Dr. George A. Mebane and Gen. B. S. Royster, can congratulate him with especial heartiness when they remember that he himself barely missed nominations twice after hard-fought contests, losing the governorship to Daniel G. Fowle in 1888 and to Robert B. Glenn sixteen years later.

There is another circumstance of peculiar interest which should not be overlooked. If elected, Major Stedman will become the only Confederate veteran whom North Carolina Democrats have had in either House of Congress for fifteen years, Populist-Republicans excepted. North Carolina has sent no Confederate veterans to Congress since Senator Ransom's forced retirement. Unless Governor Russell (very much not a Democrat) should be counted nominally a Confederate, none of the last four Governors comes under this category. In offices of State and the Legislature Confederate veterans have for years been almost freakishly scarce. We are positive that in no other Southern State has there been anything like such a marked and long-standing relegation of the Confederate element to the rear. Major Stedman's nomination gives thousands of the State's best-deserving political recognition once more before they die.

The nominee in the Fifth District was born at Pittsboro 69 years ago. He would have graduated from the University of North Carolina in 1861 but that his senior year was interrupted by civil war. One of the gallant many who went from this venerable institution to the battlefield, he began fighting at Bethel and, though several times wounded, ceased only at Appomattox. After the Civil War he became a lawyer, practicing first in Wilmington. He served with distinction as Lieutenant Governor of the State from 1885 to 1889. Always his standards of conduct have been high. With the accomplishments of a gentleman and a lawyer, he will represent the Fifth District worthily if it shall elect him next Fall.

SESSIONS COME TO CLOSE.

Interdenomination Sunday School and Educational Convention.

(Special Star Correspondence.)

Newbern, July 29.—Dr. J. E. Shepard, of Durham, was the principal speaker today at the closed Interdenominational Sunday School and Educational Convention.

The following officers were elected for the ensuing year: President, Col. J. H. Young, Raleigh; first vice president, Prof. W. G. Pearson, Durham; second vice president, Rev. Cotton, Henderson; third vice president, W. W. Lawrence, Newbern; recording secretary, Miss A. F. Hayes, Charlotte; corresponding secretaries, Rev. Mac Donald, Beaufort; Prof. S. A. Smith, Winston-Salem; treasurer, Dr. J. E. Shepard, Durham; field secretary, Prof. W. H. Jackson, Newbern; chairman executive committee, J. H. Warren, Charlotte.

The convention meets the second Tuesday, next year, in Charlotte.

If Tired, Restless, Nervous, Take Horsford's Acid Phosphate

It quiets and strengthens the nerves and brain, and induces refreshing sleep.

Napoleon's Grit.

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, lagrippe, croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c, $1.00. Trial bottle free at Robert R. Bellamy's.

WHY SO WEAK?

Kidney Trouble May be Sapping Your Life Away—Wilmington People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Wilmington testimony to prove it.

Mrs. W. W. Mince, 706 S. Fifth St., Wilmington, N. C., says: "I am very thankful to Doan's Kidney Pills for the great benefit I received from their use. For a long time I was a victim of kidney trouble. The kidney secretions were unnatural and caused me much annoyance. My back ached almost constantly and some days I could hardly get around to do my housework. I heard so much about Doan's Kidney Pills that I procured a box at Robert R. Bellamy's Drug Store and began using them. They helped me more than any other preparation I had ever taken strengthening my back and kidneys and invigorating my whole system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

JUSTICE MOODY TO RETIRE.

Distinguished Jurist Leaves Supreme Bench in the Fall.

Beverly, Mass., July 29.—Although the definite statement has been received from Associate Justice William H. Moody, of the United States Supreme Court, that he will positively announce his retirement from the bench some time this Fall, President Taft has decided not to call an extra session of the Senate to confirm the Supreme Court appointments he will be called upon to make. Besides filling the vacancies caused by the death of Chief Justice Fuller and the retirement of Justice Moody, the President will have to designate a Chief Justice of the court. There is every reason to believe that he will nominate as Chief Justice, Governor Charles E. Hughes, of New York, who already has been confirmed as an Associate Justice.

Mr. Taft deplores any act or statement that could be construed as interfering or bringing influence to bear upon the Supreme Court. In calling an extra session the President feels he would be put in the attitude of bringing pressure to bear upon the court to hurry a decision in the important cases that are to be argued before it this Fall. He wishes to avoid even this suggestion.

Appointments to the Supreme Court and all other United States courts will be in the regular way and will be confirmed by regular sessions of the Senate so long as Mr. Taft is President.

The Standard Oil and Tobacco trust cases are not set to be re-heard until November. The President does not feel that a delay of three weeks to await the convening of Congress the first week in December will be serious. It is unlikely that announcement will be made until Congress meets.

Norfolk, Va., July 29.—Mayor Riddick today appointed the following delegates to the Atlantic Inland Waterways convention at Providence, R. I., August 31: M. W. Talcot, H. B. Goodridge, W. H. Wales, Jr., B. L. Bugg, Benjamin Spiegle, Phil Yeatman, Joseph C. Prince, H. M. Carr, E. T. Lamb, and H. K. Wolcott.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price, 75c. per bottle.
Take Hall's Family Pills for constipation.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives **no outside heat.** All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking — none in outside heating.

New Perfection
WICK BLUE FLAME
Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is **no surrounding heat—no smell—no smoke.**

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, July 30th, 1910.

Some North Carolinians would rather die in Democratic harness than to eat corn from a crib filled by the G. O. P., which preys on the people for its supplies.

It has been remarked that a poor man's debts are his misfortune. His creditors will wonder, however, if a poor man's debts are not the misfortune of the loaners as a matter of fact.

Geologists assert that the Earth is 70,000,000 years old. But, notwithstanding the prolonged and ever lengthening period for men to cut their eye teeth and get wisdom, some of them remain in the Republican ranks.

A contemporary remarks that "Cols. Roosevelt and Bryan aim at precisely the same political and moral standards." Well, but look at the great difference between their gymnastic performances in the efforts to accomplish results.

Neglected opportunities sometimes are seized before it is too late. A man somewhere up North, who has been absent from his wife for 50 years, is now suing for divorce. The cause of his procrastination in recognizing his rights is not stated.

A man's opportunities grow less as he grows older, but sometimes his chances continue to be good. A Virginian has just found several gallons of apple brandy which he secreted nearly 50 years ago from the Federal raiders.

There has been trouble in Honduras where Ex-President Bonilla began an insurgent movement against the Davilla government. Probably the banana crop failed and caused a dissatisfaction that somebody had to answer for.

When Governor Hughes gets located in Washington as a Justice of the Supreme Court, unthinking Washington people should never mention it to him that his whiskers remind them of the late Senator Peffer, the Kansas Populist.

A poetical writer speaks of the Summer girl as "Dainty, diaphanous, slender and sweet, smiling, exuberant, fair," etc. Buddy, you can ripple along in the same way about the plump ones as well as the slender ones, but did you ever stop to think about where they got all their "fluffy hair?"

Standpatism triumphed in the Ohio Republican convention. That is notice to all voters that if they expect relief from outrageous tariff burdens they must co-operate with the Democratic party. Here is a chance for insurgents to vote the courage of their convictions by supporting the party that stands by the people.

In his keynote speech to the Ohio State Republican convention on Tuesday, Congressman Nick Longworth declared unequivocally for the Aldrich tariff law, and asserted that the Republican party is responsible for it and will have to stand back of it. "We refuse to be stampeded" Mr. Longworth declared. Of course, the Republican party cannot do otherwise than go before the people with its big bluff in an effort to fool the people into believing that the Aldrich iniquity is the best tariff law the country has ever had, as President Taft has declared. The Republican party could not be expected to repudiate its own law and abandon its position on the tariff. However, it remains for the voters of this country to call the bluff and repudiate the Republican party and its entire policy of favoring private interests against the interests of the people. The popular condemnation in November should be overwhelming.

DOG EAT DOG.

North Carolina has looked over Spencer B. Adams, State Republican Chairman, and such other Republicans as Duncan, Marion Butler, et al. She turned away from them. Now comes Congressman Morehead seeking to take the State chairmanship away from Adams because, he alleges, Adams runs a Federal office brokerage and is the head of a pie-distributing syndicate, and for that reason the Republican party is not decent under the Adams administration, and because, it is further alleged, it is not the purpose of the pie administration to build up the Republican party in North Carolina, but to the contrary, the purely sordid aim and purpose of Adams and his accomplices are to perpetuate the pie-distributing scandal that makes North Carolina Republicanism vile. The Butler-Morehead combine is making its fight against the Adams clique on those grounds as briefly expressed, and for the expressed purpose of building up a respectable Republican party in North Carolina.

It would be all the better for any State if all parties were decent, but in North Carolina there should be no room for even a "decent" Republican party. The National end of the organization is not decent itself, but, even if it were also decent, the record and policy of that party would condemn it among the people against whose interests it legislates with the avowed purpose of guaranteeing profits to special interests. As to having a respectable Republican party in North Carolina, we do not expect to have any—even under the control of Congressman John Motley Morehead.

We have been led to believe that Mr. Morehead has the "honorability" to purify North Carolina Republicanism, and, in fact, we had begun to look on him as a man who would make a worthy head of the Republican party. However, the Morehead-Butler clash with the Adams-Duncan crowd, is letting in the light. In self-defense Adams has been compelled to publish a letter exposing Morehead's duplicity, or untruthfulness, or treachery. The Morehead letter which Adams produces in the open was written December 12th 1908, just a short while after Morehead had been elected to Congress from the Fifth District which, after next November, is to be represented by that Noble Old Roman, the Hon. Charles Manly Stedman, Decent Democrat. In that letter Morehead praises Adams to the skies, and pronounces the standing charges of Marion Butler against Adams as false and absurd. Then Mr. Morehead made Butler out as a falsifier. Now note the change in Morehead, for on the 22nd of July, 1910, not quite two years after his Adams eulogy, Morehead writes another letter in which he joins in Butler's previous and present indictments against Adams and hurls it at the Adams "pie-distributors." He leagues with Butler in attacking Adams with a view to capturing the Republican party machine for himself and Butler.

Adams' "come back" at Morehead with that letter convicts Morehead of being engaged now in giving the lie to his own letter of December 12th, 1908. However, Morehead can justify himself by declaring that since he wrote that 1908 letter he has had his eyes open, and, therefore, wants to dethrone Adams. Analyzed to the dregs, that would then be evidence that Morehead had undergone a change of opinion of Adams and that he had been influenced in that direction by Marion Butler. The final conclusion is that Butler's influence is the controling factor, and so patriotic North Carolinians who love the honor of their State can complacently look on and see "dog eat dog."

No North Carolinian wants to join any party headed by either Adams or Morehead. A man who writes a letter today and falsifies himself tomorrow is not a man to be followed by any self-respecting man. However, if Morehead is even straight goods, the Republican party is not.

Uncle Joe may also keep right on till he, too, gets the bump that deposes.

Even Jonah got on the inside once, but as for Col. Bryan he always lands on the outside.

A bed of mint in dry territory serves only as an object to call forth reminiscences from the gentlemen of the Old School.

Insurgency is getting to be so common that some people are being misled into believing that it is the proper and popular caper.

OAK RIDGE INSTITUTE.

We are in reecipt of a catalogue of the Oak Ridge Institute which makes a splendid showing for that well known institution. Among the graduating class of this year we note the names of Messrs. J. B. Montgomery and J. C. Montgomery and George H. Bellamy, Jr., of Brunswick county, and N. L. Foy, of Scott's Hill. Many leading business men, lawyers and physicians were educated at this institution. See advertisement.

PROSPERITY'S BEST SIGN.

No State has made any more rapid, substantial and satisfactory progress than North Carolina in the past few years, financially as well as agriculturally and industrially. The year 1910 finds 320 State banks doing business in North Carolina compared with 60 in 1902. A gain of 260 banks in eight years indeed is a striking demonstration of North Carolina's wonderful development. Banks are the outgrowth of the demands of business, for nobody will go into the banking business where a bank is not needed. The remarkably large increase in the number of purely State banks is the most convincing evidence of Big Business in North Carolina. We can make the further statement that the banks throughout North Carolina, with so few exceptions as to make mention of it unnecessary, have met with wonderful success.

The people of the State engaged in agriculture, business and manufacturing have made money, and that accounts for the organization of banks from one end of the State to the other. Some counties which a few years ago had not a single bank now have a half dozen and they are all doing good business too. Development of the most substantial success are now in the stride of progress in North Carolina, and the numerous banks which have been established and made the most substantial progress are now in a position to aid further development on a scale many times greater than during the period when banking institutions were few and far between.

The fact that North Carolina now has five times more State banks than it had eight years ago is all the proof that is necessary to show that North Carolina is the best of States. A State which can make that showing certainly is a mighty good State to come to and to stay in. The eastern part of the State is America's garden spot and we are astonished that it is not overrun by homeseekers. It will some of these days experience an inrush of people who will find out that they can make a living easier here than in any other portion of the globe.

"BEARS LOOSE."

Above is the caption of a five line editorial in the Manufacturers' Record, of July 28th. Those few lines are not only suggestive but they carry a meaning that is sent home with a thrust that would penetrate the hide of a rhinoceros. These are the few remarks made by the esteemed Manufacturers' Record:

"And now, through Federal Government channels of publicity, begin to flow the annual streams of optimism about the prospects of the cotton crop—in foreign lands."

There may be no evidence of "conspiracy in restraint of trade" but there is evidence of governmental activity that depresses the price of cotton. At any rate, the Government information, diligently given out and effectively used by the bears, does the work in restraint of reasonable prices for the cotton of the South. It has the appearance of design, and even if it is not, it palpably is bear meat.

The Manufacturers' Record not only is a great Southern trades journal, but its editorial department is distinguished for ability and authorative declaration. The editorials concern not only industrial and commercial matters, but frequently they involve expressions and comments on practical and political questions that involve divergent perspective. They represent the best thought of the South and are strongly representative in their tone and sentiment. Keen insight, fearless expression, and comprehensive analysis mark the editorials in the Banufacturers' Record and we recognize them not only for their information and value but often as expressive of the correct Southern view on whatever subject is treated. Loyalty to Southern traditions interests and sentiment is a distinguishing feaure that has always made us lay great store by the views of Mr. Richard H. Edmonds, the able editor of a journal that takes high rank among American publications.

PRESIDENTIAL POLITICIANS.

The Associated Press dispatches announced that President Taft at Portland, Me., on Tuesday put himself on record as subscribing absolutely to the principle that a President of the United States should not talk politics. He declared in a speech that as President of the United States he has "no right to be other than President of the whole people and to stand only on the platform of patriotism, love of country and prosperity for all."

We have always contended that neither the President nor the Governor of a State should engage in the undignified pursuit of partisan politics and it is gratifying to note that we have one President who can express such lofty senttiments as those coming from President Taft. The principle which he made declaration of deserved the applause which he received from the Maine people. If he will only stick to his declaration and neither speak nor write about partisan campaign matters he will further entitle himself to the respect of the people of all parties.

A course in which he would abstain from wire pulling and political activities from the lowest kind to the highest, would make a striking contrast with the course of President Roosevelt who could never refrain from dabbling in either ward, State, national or international politics.

CURRENT COMMENT.

Boys, bury the hatchet.—Eastern Carolina News.

A good way to keep your troubles out of the newspapers is to keep them out of the courts.—Durham Herald.

The Duncan-Adams crowd know how it was done, but where they fell down was is not knowing how it was going to be done.—Durham Herald.

Godwin is nominated. The steam roller process in the Sixth Congressional District will not work in Democratic conventions.—Dunn, (N. C.) Guide.

The newspaper man and the lawyer who tried to fight on the convention floor may have it out yet if the newspaper man is not careful how he refers to it in the future.—Greensboro News. (Rep.)

No wonder T. R. laughed when it was suggested that Mr. Bryan and he would join the same party. William is always of more service to Teddy when he's on the other side.—Cleveland Leader.

"The Sixth North Carolina District," observes the Columbia State, "has Georgia manners." Alas, that it should have struck that level, but it is there, just the same.—Charlotte Chronicle.

The unanimity with which the labor organizations have endorsed Swanson for Senator might lead some to think that there is another "organization" doing business in the State.—Richmond Journal.

The Morning Star expresses regret that two nominees are yet before the people. It devises a good means by which the matter can be settled and reduce the number to one. This will save the day for the district, although two nominees can beat the Republicans.—Eastern Carolina News.

We are not pretending to know who was the best man for the Democrats. But we do know that they have gotten a good man, one who is deserving of any honor at the hands of his party. He would make a representative that the whole State would be proud of. The Fifth should redeem itself by sending him to Congress.—Raleigh Times.

Bellamy made a big mistake in trying to throw out Cumberland and New Hanover delegates, but they made a still bigger mistake in selecting them as they did. The sensible thing to do in the Sixth District is to let the State Democratic Executive Committee decide which was the real convention and therefore who is the real candidate. If Godwin is a good Democrat he will abide by the decision and so will Clark.—Pender Chronicle.

The Greensboro Record opens its eyes wide at increasing and cumulative evidence that among the railroads of this section competition does not compete. It very truly says that Greensboro, with one system, is just as well off as Charlotte is with two or as it would be itself if it had half a dozen. Talk of competition among Southern railroads never amounts to anything except upon those occasions when resistance to rate equalization is being made.—Charlotte Observer.

Two or three years ago, when Mr. Taft spoke at the Republican convention in Greensboro and told the delegates there assembled that the Republican party in North Carolina would never amount to anything as long as the scramble for pie was the chief consideration and as long as the Federal office-holders dominated the party, some of the faithful were mighty mad but Mr. Morehead is now saying practically the same thing and some of the same fellows who were so mad at Mr. Taft seem to think it is all right.—Winston-Salem Sentinel.

Spoken like the man that Senator Clark is. The State Committee is composed of representative Democrats from all sections of the State, men who have the party's interests much at heart. In passing upon the merits of the Sixth District case the committee would have but one purpose in view—the vindication of justice. Its members are, for the greater part, entirely free from the local influences that make for partisanship and would be ogverned in arriving at a conclusion only by the facts in the case. Senator Clark has blazed the way for peace in the Sixth.—Salisbury Post.

Dr. R. W. S. Pegram, of Dellaplane, this State, tells the Charlotte Observer that he thinks pellagra comes from poisoning contained in the disinfectants used by grain dealers. But what business has one in this country eating imported meal or corn? We ought to raise more than we need and not have to buy away from home. Physicians have held that it came from corn and it may be that Dr. Pegram has about sized it up, for it has been demonstrated that people who eat the good old corn raised on the farms down this way do not have it.—Greensboro Record.

No paper comes to this office that is read with more care and interest than the Morning Star of Wilmington. Indeed, it is one of the best papers in the South and is growing every day. Mr. Thompson and Colonel Clawson are up-to-date newspaper men and they burn midnight oil in their office in order to give the people a clean and newsy Democratic paper. The Star deserves to succeed and all Eastern Carolina especially should rally to it. It is one newspaper in the State that has never gotten into a single controversy. Major W. H. Bernard was its able editor for 44 years and after he retired The Star is managed and edited by men of brains and high character.—Eastern Carolina News.

There is a little indication that the tangle in the Sixth District may be straightened out. This is where two Democratic candidates are running, both claiming to be the regular nominee. Mr. Godwin, the present incumbent, whose friends bolted the regular convention, has made overtures to Mr. Clark, proposing they go into a primary and see who shall run. This Mr. Clark declines to do, but the incident shows that an adjustment may be made before it is too late. We have never kept up with the cause of the trouble, but most of the papers in that section that are fully informed seem to think that Mr. Godwin and his friends were a little previous; that is to say, the jumped without proper cause.—Greensboro Record.

The Sentinel has favored Judge Jones as the Democratic candidate for Congress, not only because he was a Forsyth man, but because we felt he was the strongest candidate. However, we have also felt all the while that the convention would make no serious mistake if it selected either of the three other excellent gentlemen who were candidates. In choosing Major Stedman the convention nominated a loyal Democrat and an able man, one who will make a strong candidate and an ideal Congressman. The Democrats of the district regardless of their individual preferences, should bow to the will of the convention and see that the party nominee gets a handsome majority.—Winston-Salem Sentinel.

Mr. A. Wayland Cooke, manager of Major Stedman's campaign for the nomination for Congress from this district, showed great sagacity and rare qualities of leadership. With sleepless vigilance he kept his finger on every turn of the situation and with tireless energy he canvassed, either in person or by representative, time after time, endlessly almost it seemed, the several delegations in the effort to secure a majority for the Guilford man. The policy of conciliation which he adopted from the very beginning and to which he clung with the utmost tenacity is conceded to have been one of wisdom. Every effort was made to give the other candidates absolutely no cause to complain of unfair treatment or of bitter language. Mr. Cooke was also happy in his selection of the Stedman delegates. Old time political foes found themselves lined up shoulder to shoulder fighting a common battle and it is not doubted that not a little political animosity was in this way wiped out forever. As a climax to his efforts in this connection and as an augury of the support of Stedman by the united Democracy of Guilford in November, Guilford, on the last ballot voted its full strength for Stedman—the first time during the whole convention. Cooke made good. Every one who watched the progress of the battle and noted its issues must have so. concluded.—Greensboro Telegram.

$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldnt it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a **quick recovery**, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K-1351 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

Excellent table. Large gymnasium. Park-like campus. Concerts, lectures, tennis, basketball. Write for our catalog before selecting the college for your daughter.

HENRY JEROME STOCKARD, A. M., Pres., Raleigh, N. C.

TRIAL OF BIG DAMAGE SUIT

Case of J. W. Holmes Against Dr. L. H. Love Now Being Heard in Superior Court—Being Hard Fought.

Matters on the criminal side of the docket having been disposed of Thursday, the civil calendar was taken up in Superior Court yesterday morning and after entries had been made in several cases not ready for trial, counsel announced their readiness for trial in the case of J. W. Holmes, formerly a Seaboard Air Line conductor, against Drs. W. J. and L. H. Love, involving damages in the sum of $20,000 for alleged negligence of the physicians in properly treating the injuries received by the plaintiff in a wreck on the Seaboard August 7th, 1900. A nonsuit was taken yesterday as to Dr. W. J. Love, whom, it was shown, did not have anything to do with the case, and the trial proceeded with Dr. L. H. Love, now a resident of California, as the defendant.

The case was called at 10 o'clock and it took from then until 12 o'clock to select the jury, as follows: C. W. Yates, Jr., J. R. Bruff, T. C. Rhodes, E. S. Hancock, E. J. Conway, E. A. Outlaw, Geo. S Boylan, T. P. Sykes, F. B. Rice, W. F. Cox, J. H. Kuck and L. H. Burnett.

The pleadings were then read. The complaint sets out that the plaintiff was injured in an accident on the road August 7th, 1900, having his right arm wrenched from the socket to the shoulder and a bone in the forearm being broken; that he was attended by Dr. L. H. Love, who, it was then thought was a partner of his father, Dr. W. J. Love; that due to lack of skill and to negligence on the part of Dr. L. H. Love he did not receive proper treatment; that the physician was not open to suggestions or to advice, but always making light of same and putting forward his superior knowledge, and that the plaintiff, thinking him skilled, allowed him to continue to attend him, the treatment resulting in the plaintiff practically losing the use of his right arm, now being unable to raise it to its proper and useful position. The allegations of the plaintiff are denied by the defendant, who sets forth that Dr. Love did treat the patient in a skilled and proper manner, contending that if any permanent injury has been received it was due to the plaintiff's own negligence. Upon the statement of Dr. W. J. Love that he was never called into the case and did not know anything about it, the plaintiff took a non-suit as to him. The plaintiff asks for $10,000 actual and $10,000 punitive damages.

The plaintiff, Mr. J. W. Holmes, was the first witness, being called to the stand as soon as the reading of the pleadings had been concluded. Court took recess for dinner in the midst of his testimony. He resumed his testimony upon the convening of the afternoon session and was on the stand until nearly 5 o'clock, telling in detail of the accident, the treatment of his injuries, etc. In his cross-examination of the witness, Thos. W. Davis, Esq., of counsel for the defendant, stated that the plaintiff brought suit against the Seaboard Air Line in Union county, but two weeks later settled with the road and then brought an action against the physician who attended him, and asked the witness several questions bearing on the settlement of the case, all those not involving the plaintiff in the present action being objected to by plaintiff's counsel and the objections were sustained by Judge Whedbee. Mr. Davis stated during the several arguments on points raised that Dr. Love attended Mr. Holmes in the absence from the city of the regular Seaboard surgeon.

At the conclusion of the examination of the plaintiff Chief of Police N. J. Williams was called to the stand as a witness for the plaintiff, and was followed by Dr. W. D. MacMillan, county superintendent of health, who had not finished his testimony when court took a recess until this morning. It was stated last night that the taking of testimony for the plaintiff would be concluded some time today and that the case should go to the jury Monday afternoon.

The plaintiff is represented by the firm of Meares & Ruark, while appearing for the defendant is Hon. John D. Bellamy, George Rountree and Thos. W. Davis, Esq. Mr. Rountree entered the case yesterday taking the place of Junius Davis, Esq., who is sick. The case is being hard fought on both sides and every inch of ground is contested.

The evidence in the case is being taken down by Mr. Meares Harriss, the expert stenographer, whose work in this capacity has attracted wide attention.

The case of Luke Grady against George Bell was continued for the plaintiff and the case of Leger Meyer against S. L. Smith, et al., was continued for the defendant. The following were continued by consent: H. F. Boney against B. S. Jones & Co., O. T. Hatch & Co., against C. D. Gilbert & Bro.; J. C. Stevenson against Thos. McLaurin; U. S. Candy Co., against Crescent Candy Co.; McCasky Register Co., against W. J. Bradshaw; S. L. Smith & Son against J. F. Woolvin.

CLEARS THE COMPLEXION.

Discovery That Cures Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to cure it with Hokara.

This pure and simple skin food is being introduced in Wilmington by J. Hicks Bunting Drug Co., at the low price of 25c for a liberal sized jar.

It contains no grease or acid, is cleanly to use and is a true food and nourishment for the skin, cleansing and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction return the empty jar to J. Hicks Bunting Drug Co., and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food. Larger size 50c.

If the skin trouble is caused by impure blood, or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

STORY OF REMARKABLE DOG

Wilmington Canine Takes Up With Stranger and Day Later Goes to Latter's Home on Train Unaccompanied.

Unquestionably a Wilmington citizen is the owner of the most remarkable dog that ever lived, if a story in this week's issue of the Lee County Times, published at Jonesboro, is to be believed, and so far nothing has developed to repudiate the statements contained in the article.

Yesterday morning Mr. John J. Fowler, city clerk and treasurer, received from Mr. J. P. Avent, a prominent merchant of Jonesboro, a letter stating that he had in his possession a dog wearing a badge on which is inscribed "1910, Wilmington, 205," and asking the city official to ascertain from his records the owner of the canine, also calling attention to an article in the Lee County Times, mailed under separate cover. The article in the Times is as follows:

"A strange occurrence happened during the excursion to Wrightsville Beach last Thursday, and as a result Mr. J. P. Avent, of Jonesboro, is in possession of somebody's pet dog. It happened this way: Mr. Avent says that while walking around on the Beach last Thursday he dropped in at the Seashore Hotel and was watching the people dance, when a small dog came up to him, seeming glad to see him, and afterward seemed determined to stay with him. When Mr. Avent left the hotel he could not keep the dog from following him and that night the dog remained near his room. On Friday afternoon when Mr. Avent left the beach the dog tried to get on the trolly car with him but he put him off and left him, and came on home Friday night with no further thought of his new acquaintance—the dog. But lo and behold! when the regular passenger train arrived here Saturday afternoon at 1:33 the dog jumped off the train and began the search for his new master. After running about the depot for a few minutes he struck a bee line for Mr. Avent's residence, not finding him there he returned by way of another street to Mr. Avent's store and Mr. Avent says, he appeared to be the happiest dog he ever saw. Mr. Avent has not been able to get away from him a minute since his arrival here Saturday, unless he shuts him up.

"The greatest mystery about the whole thing is, how did that dog find his way to Wilmington, then take the right train on a strange road and come a distance of 115 miles and get off at the right station 24 hours after Mr. Avent left there. After passing several stations out of Wilmington, the conductor noticed that he had a dog which seemed to have no master and he began to inquire about it, but no one knew anything about him, so the conductor told the baggage master to keep it in the baggage car, which he did until the train arrived at Jonesboro. With a twinkle in his eye and a quick wag of his tail by which Mr. Doggie seemed to thank the clever trainmen for his long ride, he leaped from the train and began the hunt for his chosen master as mentioned above.

"Mr. Avent says he does not want the dog, and he will be glad to hear from the owner with instructions as to what to do with it. The dog seems to be about six months old, wearing a collar and badge around his neck with the following inscription on the badge: (1910, Wilmington, 205).

"It is hoped that this may serve to acquaint the owner of the dog as to where he can be found."

The records in Mr. Fowler's office show that badge No. 205 was issued to Mr. Andrew J. Moore, freight agent for the A. C. L. in this city. Mr. Fowler communicated with Mr. Moore who stated that his dog, or rather his children's dog, went to the beach some days ago with the children and since then all efforts to locate him had proved futile. Mr. Moore was satisfied that the wonderful dog who figured so prominently in this week's issue of the Lee County Times belonged to his children and he was rejoiced for his children's sake to know that the canine had been found. Mr. Fowler immediately wrote Mr. Avent the result of his investigation and stated that Mr. Moore would take steps at once to secure a return of the dog. When he left Wilmington his dogship was simply a dog, but he will return a famous canine.

WEEK OF FINE VAUDEVILLE.

Crystal Palace Will be Open All of Next Week.

The Crystal Palace will be open all of next week. At that time a vaudeville bill of decidedly novel nature, being thoroughly up-to-date and clever, will be offered. The bill will also present Mlle. Nennelle, who is proving the sensation of the vaudeville circuits in the South. She will be seen in a series of startling aerial acts, headed by sketches entitled, "The Girl in the Moon" and "Halley's Comet." Each will prove a startler, as well as something decidedly pretty and fascinating for the eye to behold. Besides Mlle. Nennelle the headliners will be Hal Mordaunt & Co., who will present during the week a repertoire of high-class farce comedies, special scenery being used. In addition to the vaudeville the Palace will also offer two reels of the latest moving pictures, thus making an extra big combination bill. Yet the prices will remain at the usual low scale and the performance will be changed daily. The evening performance will take place Monday afternoon.

SUNDAY SERVICES

Announcement by Wilmington Pastors For Services Tomorrow.

First Presbyterian Church, corner Third and Orange streets, Rev. J. M. Wells, D. D., pastor. Services tomorrow, Sunday, at 11 A. M. Sunday school at 9:50 A. M. Christian Endeavor 7:15 P. M. Usual mid-week prayer meeting Wednesday evening at 8:00. All welcome.

Advent Christian church, Fourth and Church streets, Rev. C. H. Sweet, pastor—Preaching at 11 A. M., subject, "A Minister's Prayer for His People." Sunday school at 3:30 P. M. Preaching at 8 P. M. topic, "How to Detect and Guard Against Dangerous Errors." The Earnest Workers meet Wednesday at 3:30 P. M. Mid-week prayer meeting Wednesday at 8 P. M., to be followed by the monthly church conference, which every member should attend if possible. A welcome to all.

AMERICAN BANK'S NEW HOME

Plans for Remodeling Building Accepted and Contract Let for Tiling. Work to Commence Shortly.

Announcement was made yesterday by officers of the American National Bank that the plans of Architect H. E. Bonitz for remodeling the building at No. 208 North Front street, recently purchased from Mr. Geo. O. Gaylord as the new home of the institution, had been accepted and that the work would be commenced in a short time under the supervision of the architect.

The building will be ready for occupancy by the bank by the 1st of October and the plans call for one of the most handsome and conveniently arranged banking houses in the State. The front will be of classic design while the interior will be attractive and the different compartments conveniently arranged. New banking fixtures, designed in oval shape, will be installed, and there will be a ten-foot vestibule, the floor of which will be of green quarrie tile. The flooring in the lobby will be of the same material. The side walls will be wainscoted with white Tennessee marble, 52 inches in height. The fixtures are to be of marble base and mahogany wood work with bronze brass grill. The entire interior will be re-arranged to meet the requirements of a modern banking house and the furniture and fixtures will be among the handsomest found in any bank in the State. The contract for the fixtures has been let to the H. M. Wade Manufacturing Company, of Charlotte.

In addition to the usual offices for the president and cashier, directors' room, etc., the plans provide for a ladies' private banking room, adjoining which will be a ladies' retiring room which will be equipped with all the conveniences and will be furnished with modern and handsome furniture. Of course the vault will be fire and burglar proof and will meet all the requirements as to safety and will be ample in size to take care of the ever increasing business of one of Wilmington's youngest but most progressive and prosperous financial institutions.

The officers of the institution, Mr. W. B. Cooper, president; Mr. Geo. O. Gaylord, vice president, and Mr. Thos. E. Cooper, cashier, yesterday inspected the plans of Architect Bonitz and accepted them without any alteration and let the contract for the fixtures as above stated. The work will be commenced right away and will be completed in time for the bank to move to its new quarters by October 1st.

INQUEST OVER THE BODY.

Jury Finds Mr. Reilly to Have Met Death Accidentally.

The following is from the Charleston News and Courier in regard to the inquest held over the remains of Mr. W. J. Reilly on Thursday:

"A coroner's inquest was held yesterday morning at the Stuhr undertaking establishment, on Wentworth street, over the body of W. J. Reilly, the Southern Bell Telephone and Telegraph lineman, who was killed Wednesday afternoon on the corner of Washington and Laurens streets, the verdict of the jury being to the effect that the young man had come to his death in an accidental manner through injuries received after falling from a telephone pole. Mr. J. Owen Reilly, brother of the dead man, arrived in the city yesterday morning and had the body shipped to Wilmington, N. C., yesterday evening via the Atlantic Coast Line Railway Company.

"Messrs. I. R. Walker, foreman; J. P. O'Neil, lineman, and A. J. Whitely, helper, the members of the gang which was doing the repair work on the Laurens and Washington streets at the time of the accident to young Reilly, testified at the inquest yesterday morning, their stories being corroborative in every particular. Reilly either lost his balance while climbing the pole or was overcome by the intense heat prevailing. Dr. Robert Taft, who conducted the post-mortem examination upon instruction of the coroner, read a statement at the inquest in which he stated that Reilly came to his death from the results of a fractured skull."

Colored Man Dies in New Jersey.

Willie LeGrand, colored, son of the late Louis LeGrand, a well known colored man of this city, died at Asbury Park, N. J., Monday and his body was brought here last evening, accompanied by his sister, Jennie LeGrand, and now lies in state at the home of a sister, corner Third and Castle streets. The funeral will be held from Christ Congregational church Sunday afternoon at 4 o'clock. The negro was 39 years old.

Fine City Grown Peaches.

As fine North Carolina peaches as the Star has ever seen are samples from a tree in the yard of Mrs. G. L. Schutt, at her home, No. 807 Bladen street, this city. They are of very fine variety and those on the tree weigh from 10 to 11 ounces and are perfect specimens of the fruit. Mrs. Schutt has the thanks of the Star for the specimens sent and the example of what may be accomplished in fruit culture in Eastern Carolina with the proper, intelligent effort.

Souvenir Dance for "Kids."

Another souvenir dance will be given to the "Kids" Monday night at Lumina. The last souvenir dance given to the children some time ago was a great success, there being over two hundred children in the grand march when the favors were distributed. All the children are looking forward to the dance Monday night, and there will, no doubt, be a large crowd in attendance.

Winyah Sails With Cargo.

The Clyde steamer Winyah, Capt. Bunnell, which brought cargo of cement here for the Wilmington Compress & Warehouse Company, cleared yesterday for New York with cargo of lumber and crossties. Her cargo was received from various parties at the port and consisted of 14,000 ties and 70,000 feet of lumber. The vessel is by H. G. Smallbones.

PLOT TO ESCAPE WAS FOILED

Negro Preacher-Tailor and Jail-Bird Friends Thwarted in Plans to Over-Power Jailer and Escape.

By communicating to Jailer J. M. Branch the substance of a conversation overheard while on a visit to her husband in the county jail, a negro woman yesterday morning probably saved the life or serious injury of the jailer and prevented the escape of Rev. T. H. Alston and George Green, colored, tried in Superior Court during the week and sentenced to terms on the county roads for false pretense and forgery, respectively. There may have been others in the plot, but their names have not yet come to light. The timely information given by the woman caused the plans of the negroes to be frustrated and it is a safe bet that they will now not succeed in effecting their escape from the county jail.

During the period of one hour in the mornings, relatives and friends of prisoners are allowed to visit the jail, so it was stated, and yesterday morning a negro woman went to the institution to see her husband who is incarcerated on some minor charge. While talking to her husband she overheard a conversation between Alston, the preacher-tailor, who swindled several negroes out of amounts ranging from $3 to $15 on the pretense that he was a representative of a Baltimore clothing house, and George Green, who secured a quantity of merchandise from wholesale dealers on the wharf by forging orders and by false representation. The conversation, so far as could be learned, was to the effect that when the jailer came in with the morning meal for the prisoners the two, with the aid probably of other negroes, would overpower the jailer, secure his keys and make their escape. After hearing this plot laid bare, the negress rushed down to Jailer Branch and told him all she had heard.

Mr. Branch communicated the information to Sheriff S. P. Cowan, who quietly summoned two of his deputies and two policemen and went to the jail prepared to make it lively for the negroes should they attempt to execute their plans. The deputies and policemen were stationed near the entrance to the corridor leading to the cells of Alston and Green, while Sheriff Cowan accompanied Jailer Branch with breakfast for the prisoners. As the officers walked up the steps leading to the floor on which the negro prisoners are confined, Walter Way, the white man sentenced to five years in the penitentiary for manslaughter, hailed Sheriff Cowan, this fact alone thought to have been responsible for failure of the negroes to attempt to carry out their scheme. The negroes evidently heard Way call the name of Sheriff Cowan and very likely realized that their scheme had been discovered and that it would be useless to attempt to effect an escape. At least no effort was made by the negroes toward securing their freedom.

Alston, who was sentenced Thursday to two years on the county roads, and Green, who got four years, will be taken to the convict camp this morning as well as the other prisoners who were sentenced at this term of court.

Information was received here yesterday morning by an officer to the effect that Alston is wanted in Kingstree, S. C., where it is alleged that he broke jail some time ago. The officer stated that he had received the information from a reliable source and was satisfied of its authenticity. Alston has proven himself to be a slick negro and one who requires careful watching and the guards at the convict camp will be fully informed as to his record, so far as known here, when he is turned over to them today.

ATLANTA FOLKS AT BEACH.

Large Party From Georgia's Capital Arrived Yesterday.

Georgians, especially people from the capital of that great State, are much in evidence at Wrightsville Beach again this season and every week a large party arrives to spend the week-end and for longer periods. More than a hundred prominent people from Atlanta arrived yesterday afternoon on special Pullmans attached to the regular passenger train and went to the beach on suburban cars. They are guests at the different hotels and boarding houses, where they are being given every attention and courtesy of the delightful resort. The other trains to the city yesterday also brought a large number of week-end visitors and today's trains are expected to be crowded. It is expected that travel on the A. C. L. tomorrow will be especially heavy. Reports received here indicate that a large number of people from the surrounding towns expect to take advantage tomorrow of the special Sunday excursion rates offered by the road. The reduced Sunday rate on all the Coast Line roads entering this city went into effect some weeks ago and the Sunday travel to the beach has been very heavy ever since.

REMAINS LAID TO REST.

Funeral Yesterday Morning of Late William J. Reilly.

The funeral of the late Mr. William J. Reilly, the details of whose tragic death in Charleston, S. C., Wednesday afternoon, have been given in The Star, was held from St. Thomas' Catholic church at 10:30 o'clock yesterday morning, conducted by Rev. Father Dennen, the rector, in the presence of a number of relatives and friends of the deceased. Mr. Reilly was very popular with a large circle of friends in Wilmington and his death has caused profound sorrow. The body was brought to this city on the late A. C. L. train Thursday night and taken to the home of Mr. James Owen Reilly, brother of the deceased, 212 Nun street. Following the services at the church yesterday morning the body was tenderly borne to Oakdale cemetery, where the interment took place. The pall-bearers were: Honorary, Messrs. Timothy Donlan, J. J. Allen, E. Lee, and Dr. Thos. B. Carroll, active, Messrs. Quincy Satchwell, B. M. Jones, William Powell, Dan Quinlivan, James A. Price and James Bergen.

BRUNSWICK SUPERIOR COURT.

Convenes at Southport Monday Week for Trial of Civil Cases.

The regular August term of Brunswick county Superior Court will convene Monday, August 8th, for the trial of civil matters. The Southport bar held a meeting July 17th at which the calendar for the term was arranged. The Wilmington lawyers and others will be interested in the cases set for hearing. The following are the cases arranged for the first five days:

Monday, August 8th—J. F. Sommersette, admr., against L. F. Fefil, admr.; J. I. Case Machine Co. against J. T. West.

Tuesday—Waccamaw Lumber Co. against C. C. Evans; H. Beer & Beer against James Benton, et al.; Gardner & Lacy Co. against G. V. Smith, et al.; Waccamaw Lumber Co. against Marsden Mooney, et al.

Wednesday—G. H. Hollins against Lucy A. Hollins; George R. Phelps against John J. Hewett; J. W. King against Vance Simmons and W. H. Inman; Hardy Williams against J. W. Rabon, also another case of the same title as the latter.

Thursday—A. A. Simmons against S. H. and J. W. Mintz; A. A. Simmons against S. K. and J. W. Mintz; Pinckney Simmons against A. A. Simmons; D. L. Gore against D. McFayden, et al.

Friday—Pheoby Fullwood, et al., against J. F. Fullwood, et al.; Henry Galloway against R. W. Gibson.

The remaining cases on the docket are to be taken up in their regular order as they appear on the docket.

MOUNTAIN EXCURSION.

Big Trip Over Seaboard in August to Mountains of Carolina.

In this city yesterday were General Manager L. T. Nichols and General Passenger Agent E. F. Reid, of the Carolina & Northwestern Railroad, and Mr. H. S. Leard, the genial Division Passenger Agent of the Seaboard Air Line. They came down for a general view of the situation with the contemplation of running an excursion from Wilmington over their lines about the middle or last of August to the mountains of Western North Carolina, giving the choice of several most interesting stop-overs in the picturesque land of the sky. The trip contemplates a very low round-trip rate to Edgemont, Linville City, Blowing Rock and other points via the Watauga & Yonahlossee turnpikes. The plan is to run a special train from Wilmington with tickets limited for perhaps as long as 30 days with return privileges on any of the regular trains at the option of the passenger. Details of the trip will be made known later.

FUNERAL OF MRS. KNIGHT.

Services From Family Residence Yesterday Afternoon.

The funeral of Mrs. Susan A. Knight, wife of Mr. Eugene S. Knight, was held from the family residence, No. 706 North Third street, at 4:30 o'clock yesterday afternoon, conducted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist church. The saddened home was crowded with relatives and friends who gathered there to pay a last sad tribute of respect to the memory of the deceased. Many beautiful floral designs were laid upon the newly made mound in Bellevue cemetery, where the interment took place. The pall-bearers were: Honorary, Dr. A. D. McDo[illegible]nas Torpy; active, Messrs. [illegible] Hurst, H. B. Goodnight, B. C. Moore, D. B. Branch, Wm. G. Otersen, W. F. Whitaker.

FALCON CAMP MEETING.

Annual Announcement of Interesting Gathering in Cumberland.

The Star has received the annual announcement of the Falcon Camp Meeting which will be held at Falcon, Cumberland county, August 11th to August 22nd, 1910. The meetings are held each year under the direction of Rev. J. A. Culbreth at Dunn, N. C., who will be glad to furnish all information. Christian people of every denomination will be welcomed. The preachers will be Rev. Geo. E. Fisher, of Toronto, Canada; Rev. N. J. Holmes, of Altamont Bible School, Altamont, S. C., together with many local preachers and evangelists. Tickets should be bought to Godwin, N. C., a station on the A. C. L. between Wilson and Fayetteville. Teams will meet the trains at 1 and 4 P. M. each day and transfer passengers to the camp meeting ground. A restaurant will be maintained on the grounds where meals will be furnished at 25c each or 50 cents per day. Sleeping rooms will be provided in the camp sheds at the rate of $2 for the entire meeting. Furnished rooms in the dormitory may be obtained at $3 for the ten days. Parties, of course, are expected to furnish their own beds and bedding.

On Visit to Old Home.

Mr. Thos. E. Skipper, of New York City, is here on a visit to his brother, Mr. Fred T. Skipper, and sister, Mrs. Duncan McEachern, and has been most pleasantly greeted by his many Wilmington friends. Years ago Mr. Skipper was in the employ of The Morning Star, having served his apprenticeship as a printer in this office. He moved to New York 26 years ago and has since resided in that city, where he holds a lucrative position in one of the large printing establishments. Many changes have taken place in this city since he went to the metropolis and there have also been marked improvements since his last visit to Wilmington four years ago. Mr. Skipper's many friends will be glad to know that he will be here for some days yet.

MOUNTAINS TO SEA.

Laurinburg Exchange Joins in Rockingham Post Movement.

(Louisburg Exchange.)

"We join forces with the Rockingham Post in an effort to bring about a highway from Wilmington to Charlotte. Already a route has been laid out from Charlotte to Asheville and several miles of the road actually built. With the links of good roads already built between Charlotte and Wilmington connected up, a highway would exist connecting the mountains with the sea and doing great things toward the development of the whole country traversed by it. A first-class road now connects Laurinburg and Lumberton, and the only break in the good road between Laurinburg and Rockingham is a bit of the sand hills between Laurel Hill and Old Hundred, and that is even now being built. So far as Scotland county is concerned, therefore, within a very few weeks our part of this work will be completed. With Shoe Heel creek, the only stream of consequence between us and Robeson, spanned by the most modern concrete bridges and the roads from the Richmond county line to that of Robeson in such shape that the man at the wheel of an automobile may go as fast as he chooses, our part of this work is ready for inspection. We are depending upon the Charlotte Chronicle to look after the Charlotte-Asheville end; the Ansonian and the Post to have the Pee Dee bridged and those clay hills reduced to reasonable grades, and we ask the Robesonian to take up the work to the east of us and help out the Wilmington Star in getting this thing through to the sea.

WILMINGTON GUN CLUB.

First Turn at New Traps Yesterday Afternoon—Mr. Knight Guest.

After its recent very successful and promising reorganization for the approaching season, the Wilmington Gun Club held its first shoot on the new traps at 17th and Castle streets yesterday afternoon, a goodly number of the faithful taking a turn at the traps during their sojourn on the grounds. The club had as its guest Mr. Knight, the clever representative of the Winchester people, who was high gun though of the amateurs the shooting was led by Mr. John E. Taylor. The traps were in fine shape and the members of the club were delighted with the new club house and the rearrangement of the grounds. It is the purpose of the club to hold a shoot weekly on Friday afternoons and all followers of the sport are cordially invited to join. A tournament may be arranged for a little later in the season.

AGED LADY PASSES AWAY.

Mrs. Martha Jane Jacobs Died Yesterday Afternoon.

Many friends will learn with much regret of the death of Mrs. Maratha Jane Jacobs, wife of Mr. Benjamin Jacobs, who passed away at her residence, 806 South Front street, at 3:20 o'clock yesterday afternoon. She had been in failing health for some time, but her recent severe illness covered a period of only a week or ten days. She was 63 years old and is survived by six children, Mrs. T. N. Justice, Mr. B. W. Jacobs, T. S. Jacobs, Mrs. W. H. Vredenburg, Mrs. J. W. Matthews and Mr. Mike Jacobs, all of Wilmington. Mrs. Jacobs was a consistent member of Immanuel Presbyterian Church. The funeral services will be held from the residence at 9:30 o'clock Sunday morning and the interment will be in Bellevue cemetery. The services will be conducted by her pastor, Rev. J. S. Crowley.

ANNUAL CLEARANCE SALE.

Messrs. J. M. Solky & Co., Announce Great Yearly Event at Store.

Elsewhere in today's paper Messrs. J. M. Solky & Co., announce their great annual clearance sale of high-grade Summer and early Fall clothing. Some exceptional bargains in all lines are offered and the careful buyer would do well to read the announcement of this big merchandising event. The advertisement elsewhere in today's Star tells of some of the magnicent bargains. It is a motto of the Solky store to "Never carry over, what can be sold now" and if prices and quality will do the work the firm will not hesitate to cut to the bottom.

BIG FIRE AT CHESTER, S. C.

Shops at Carolina & Northwestern Railroad Destroyed.

Columbia, S. C., July 29.—Fire of unknown origin today destroyed the shops of the Carolina & Northeastern Railway, located at Chester, S. C. Besides the buildings and contents, two engines and a passenger coach that were practically ready for the road, were burned. Loss $100,000.

The loss is estimated to reach more than $100,000 and the insurance will but partially cover the loss.

The shops were located adjoining the Springstein cotton mills and it was only through the most heroic efforts on the part of the firemen and the able assistance of a number of citizens that the mills were kept from being consumed, but to their aid came a brisk wind while the fire was at its height that carried the heat of the burning shops away from the mills.

Much property adjoining the shops has been more or less damaged by the fire. The fire will throw about 100 skilled mechanics and many unskilled workmen out of jobs until the shops can be rebuilt, which is stated will be done at once.

The fire came at a very inopportune time for the Carolina & Northwestern, as the road needs every bit of the equipment that it can possibly get just now to handle its heavy business.

FOR CONSERVATION MEASURES.

Pinchot Refers to Monopolistic Grabbing of People's Property.

Washington, July 29.—"More than one avenue to the mopolistic grabbing of the people's property has been closed, but much still remains to be done," declared Gifford Pinchot, the former forester and now president of the National Conservation Association, in a bulletin addressed to the members of the association today summarizing the progress of conservation measures during the last session of Congress.

"In spite of all opposition," the former forester asserts, "the principles for which we stand have been enacted into law in a considerable number of cases, and are represented in many bills still awaiting action."

Mr. Pinchot sharply criticises the Interior Department in regard to the development of water power.

CRUISER'S FLAG AT HALF MAST.

For Assassinated King of Italy—Arrives at Norfolk.

Norfolk, Va., July 29.—The Royal Italian cruiser Collier Stereope, Count Francisco Di Casteloero commanding, and flying her flag at half mast for King Humbert, who was assassinated ten years ago today, arrived this afternoon from New York to load 3,000 tons of coal at Lambert's Point for the Italian government. She expects to sail tomorrow for Brindis, Italy.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, July 30th, 1910.

Some North Carolinians would rather die in Democratic harness than to eat corn from a crib filled by the G. O. P., which preys on the people for its supplies.

It has been remarked that a poor man's debts are his misfortune. His creditors will wonder, however, if a poor man's debts are not the misfortune of the loaners as a matter of fact.

Geologists assert that the Earth is 70,000,000 years old. But, notwithstanding the prolonged and ever lengthening period for men to cut their eye teeth and get wisdom, some of them remain in the Republican ranks.

A contemporary remarks that "Cols. Roosevelt and Bryan aim at precisely the same political and moral standards." Well, but look at the great difference between their gymnastic performances in the efforts to accomplish results.

Neglected opportunities sometimes are seized before it is too late. A man somewhere up North, who has been absent from his wife for 50 years, is now suing for divorce. The cause of his procrastination in recognizing his rights is not stated.

A man's opportunities grow less as he grows older, but sometimes his chances continue to be good. A Virginian has just found several gallons of apple brandy which he secreted nearly 50 years ago from the Federal raiders.

There has been trouble in Honduras where Ex-President Bonilla began an insurgent movement against the Davilla government. Probably the banana crop failed and caused a dissatisfaction that somebody had to answer for.

When Governor Hughes gets located in Washington as a Justice of the Supreme Court, unthinking Washington people should never mention it to him that his whiskers remind them of the late Senator Peffer, the Kansas Populist.

A poetical writer speaks of the Summer girl as "Dainty, diaphanous, slender and sweet, smiling, exuberant, fair," etc. Buddy, you can ripple along in the same way about the plump ones as well as the slender ones, but did you ever stop to think about where they got all their "fluffy hair?"

Standpatism triumphed in the Ohio Republican convention. That is notice to all voters that if they expect relief from outrageous tariff burdens they must co-operate with the Democratic party. Here is a chance for insurgents to vote the courage of their convictions by supporting the party that stands by the people.

In his keynote speech to the Ohio State Republican convention on Tuesday, Congressman Nick Longworth declared unequivocally for the Aldrich tariff law, and asserted that the Republican party is responsible for it and will have to stand back of it. "We refuse to be stampeded" Mr. Longworth declared. Of course, the Republican party cannot do otherwise than go before the people with its big bluff in an effort to fool the people into believing that the Aldrich iniquity is the best tariff law the country has ever had, as President Taft has declared. The Republican party could not be expected to repudiate its own law and abandon its position on the tariff. However, it remains for the voters of this country to call the bluff and repudiate the Republican party and its entire policy of favoring private interests against the interests of the people. The popular condemnation in November should be overwhelming.

DOG EAT DOG.

North Carolina has looked over Spencer B. Adams, State Republican Chairman, and such other Republicans as Duncan, Marion Butler, et al. She turned away from them. Now comes Congressman Morehead seeking to take the State chairmanship away from Adams because, he alleges, Adams runs a Federal office brokerage and is the head of a pie-distributing syndicate, and for that reason the Republican party is not decent under the Adams administration, and because, it is further alleged, it is not the purpose of the pie administration to build up the Republican party in North Carolina, but to the contrary, the purely sordid aim and purpose of Adams and his accomplices are to perpetuate the pie-distributing scandal that makes North Carolina Republicanism vile. The Butler-Morehead combine is making its fight against the Adams clique on those grounds as briefly expressed, and for the expressed purpose of building up a respectable Republican party in North Carolina.

It would be all the better for any State if all parties were decent, but in North Carolina there should be no room for even a "decent" Republican party. The National end of the organization is not decent itself, but, even if it were also decent, the record and policy of that party would condemn it among the people against whose interests it legislates with the avowed purpose of guaranteeing profits to special interests. As to having a respectable Republican party in North Carolina, we do not expect to have any—even under the control of Congressman John Motley Morehead.

We have been led to believe that Mr. Morehead has the "honorability" to purify North Carolina Republicanism, and, in fact, we had begun to look on him as a man who would make a worthy head of the Republican party. However, the Morehead-Butler clash with the Adams-Duncan crowd, is letting in the light. In self-defense Adams has been compelled to publish a letter exposing Morehead's duplicity, or untruthfulness, or treachery. The Morehead letter which Adams produces in the open was written December 12th 1908, just a short while after Morehead had been elected to Congress from the Fifth District which, after next November, is to be represented by that Noble Old Roman, the Hon. Charles Manly Stedman, Decent Democrat. In that letter Morehead praises Adams to the skies, and pronounces the standing charges of Marion Butler against Adams as false and absurd. Then Mr. Morehead made Butler out as a falsifier. Now note the change in Morehead, for on the 22nd of July, 1910, not quite two years after his Adams eulogy, Morehead writes another letter in which he joins in Butler's previous and present indictments against Adams and hurls it at the Adams "pie-distributors." He leagues with Butler in attacking Adams with a view to capturing the Republican party machine for himself and Butler.

Adams' "come back" at Morehead with that letter convicts Morehead of being engaged now in giving the lie to his own letter of December 12th, 1908. However, Morehead can justify himself by declaring that since he wrote that 1908 letter he has had his eyes open, and, therefore, wants to dethrone Adams. Analyzed to the dregs, that would then be evidence that Morehead had undergone a change of opinion of Adams and that he had been influenced in that direction by Marion Butler. The final conclusion is that Butler's influence is the controling factor, and so patriotic North Carolinians who love the honor of their State can complacently look on and see "dog eat dog."

No North Carolinian wants to join any party headed by either Adams or Morehead. A man who writes a letter today and falsifies himself tomorrow is not a man to be followed by any self-respecting man. However, if Morehead is even straight goods, the Republican party is not.

Uncle Joe may also keep right on till he, too, gets the bump that deposes.

Even Jonah got on the inside once, but as for Col. Bryan he always lands on the outside.

A bed of mint in dry territory serves only as an object to call forth reminiscences from the gentlemen of the Old School.

Insurgency is getting to be so common that some people are being misled into believing that it is the proper and popular caper.

OAK RIDGE INSTITUTE.

We are in reecipt of a catalogue of the Oak Ridge Institute which makes a splendid showing for that well known institution. Among the graduating class of this year we note the names of Messrs. J. B. Montgomery and J. C. Montgomery and George H. Bellamy, Jr., of Brunswick county, and N. L. Foy, of Scott's Hill. Many leading business men, lawyers and physicians were educated at this institution. See advertisement.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

PROSPERITY'S BEST SIGN.

No State has made any more rapid, substantial and satisfactory progress than North Carolina in the past few years, financially as well as agriculturally and industrially. The year 1910 finds 320 State banks doing business in North Carolina compared with 60 in 1902. A gain of 260 banks in eight years indeed is a striking demonstration of North Carolina's wonderful development. Banks are the outgrowth of the demands of business, for nobody will go into the banking business where a bank is not needed. The remarkably large increase in the number of purely State banks is the most convincing evidence of Big Business in North Carolina. We can make the further statement that the banks throughout North Carolina, with so few exceptions as to make mention of it unnecessary, have met with wonderful success.

The people of the State engaged in agriculture, business and manufacturing have made money, and that accounts for the organization of banks from one end of the State to the other. Some counties which a few years ago had not a single bank now have a half dozen and they are all doing good business too. Development of the most substantial success are now in the stride of progress in North Carolina, and the numerous banks which have been established and made the most substantial progress are now in a position to aid further development on a scale many times greater than during the period when banking institutions were few and far between.

The fact that North Carolina now has fiive times more State banks than it had eight years ago is all the proof that is necessary to show that North Carolina is the best of States. A State which can make that showing certainly is a mighty good State to come to and to stay in. The eastern part of the State is America's garden spot and we are astonished that it is not overrun by homeseekers. It will some of these days experience an inrush of people who will find out that they can make a living easier here than in any other portion of the globe.

"BEARS LOOSE."

Above is the caption of a five line editorial in the Manufacturers' Record, of July 28th. Those few lines are not only suggestive but they carry a meaning that is sent home with a thrust that would penetrate the hide of a rhinoceros. These are the few remarks made by the esteemed Manufacturers' Record:

"And now, through Federal Government channels of publicity, begin to flow the annual streams of optimism about the prospects of the cotton crop—in foreign lands."

There may be no evidence of "conspiracy in restraint of trade" but there is evidence of governmental activity that depresses the price of cotton. At any rate, the Government information, diligently given out and effectively used by the bears, does the work in restraint of reasonable prices for the cotton of the South. It has the appearance of design, and even if it is not, it palpably is bear meat.

The Manufacturers' Record not only is a great Southern trades journal, but its editorial department is distinguished for ability and authorative declaration. The editorials concern not only industrial and commercial matters, but frequently they involve expressions and comments on practical and political questions that involve divergent perspective. They represent the best thought of the South and are strongly representative in their tone and sentiment. Keen insight, fearless expression, and comprehensive analysis mark the editorials in the Banufacturers' Record and we recognize them not only for their information and value but often as expressive of the correct Southern view on whatever subject is treated. Loyalty to Southern traditions interests and sentiment is a distinguishing feaure that has always made us lay great store by the views of Mr. Richard H. Edmonds, the able editor of a journal that takes high rank among American publications.

PRESIDENTIAL POLITICIANS.

The Associated Press dispatches announced that President Taft at Portland, Me., on Tuesday put himself on record as subscribing absolutely to the principle that a President of the United States should not talk politics. He declared in a speech that as President of the United States he has "no right to be other than President of the whole people and to stand only on the platform of patriotism, love of country and prosperity for all."

We have always contended that neither the President nor the Governor of a State should engage in the undignified pursuit of partisan politics and it is gratifying to note that we have one Preisdent who can express such lofty senttiments as those coming from President Taft. The principle which he made declaration of deserved the applause which he received from the Maine people. If he will only stick to his declaration and neither speak nor write about partisan campaign matters he will further entitle himself to the respect of the people of all parties.

A course in which he would abstain from wire pulling and political activities from the lowest kind to the highest, would make a striking contrast with the course of President Roosevelt who could never refrain from dabbling in either ward, State, national or international politics.

CURRENT COMMENT.

Boys, bury the hatchet.—Eastern Carolina News.

A good way to keep your troubles out of the newspapers is to keep them out of the courts.—Durham Herald.

The Duncan-Adams crowd know how it was done, but where they fell down was is not knowing how it was going to be done.—Durham Herald.

Godwin is nominated. The steam roller process in the Sixth Congressional District will not work in Democratic conventions.—Dunn, (N. C.) Guide.

The newspaper man and the lawyer who tried to fight on the convention floor may have it out yet if the newspaper man is not careful how he refers to it in the future.—Greensboro News. (Rep.)

No wonder T. R. laughed when it was suggested that Mr. Bryan and he would join the same party. William is always of more service to Teddy when he's on the other side.—Cleveland Leader.

"The Sixth North Carolina District," observes the Columbia State, "has Georgia manners." Alas, that it should have struck that level, but it is there, just the same.—Charlotte Chronicle.

The unanimity with which the labor organizations have endorsed Swanson for Senator might lead some to think that there is another "organization" doing business in the State.—Richmond Journal.

The Morning Star expresses regret that two nominees are yet before the people. It devises a good means by which the matter can be settled and reduce the number to one. This will save the day for the district, although two nominees can beat the Republicans.—Eastern Carolina News.

We are not pretending to know who was the best man for the Democrats. But we do know that they have gotten a good man, one who is deserving of any honor at the hands of his party. He would make a representative that the whole State would be proud of. The Fifth should redeem itself by sending him to Congress.—Raleigh Times.

Bellamy made a big mistake in trying to throw out Cumberland and New Hanover delegates, but they made a still bigger mistake in selecting them as they did. The sensible thing to do in the Sixth District is to let the State Democratic Executive Committee decide which was the real convention and therefore who is the real candidate. If Godwin is a good Democrat he will abide by the decision and so will Clark.—Pender Chronicle.

The Greensboro Record opens its eyes wide at increasing and cumulative evidence that among the railroads of this section competition does not compete. It very truly says that Greensboro, with one system, is just as well off as Charlotte is with two or as it would be itself if it had half a dozen. Talk of competition among Southern railroads never amounts to anything except upon those occasions when resistance to rate equalization is being made.—Charlotte Observer.

Two or three years ago, when Mr. Taft spoke at the Republican convention in Greensboro and told the delegates there assembled that the Republican party in North Carolina would never amount to anything as long as the scramble for pie was the chief consideration and as long as the Federal office-holders dominated the party, some of the faithful were mighty mad but Mr. Morehead is now saying practically the same thing and some of the same fellows who were so mad at Mr. Taft seem to think it is all right.—Winston-Salem Sentinel.

Spoken like the man that Senator Clark is. The State Committee is composed of representative Democrats from all sections of the State, men who have the party's interests much at heart. In passing upon the merits of the Sixth District case the committee would have but one purpose in view—the vindication of justice. Its members are, for the greater part, entirely free from the local influences that make for partisanship and would be ogverned in arriving at a conclusion only by the facts in the case. Senator Clark has blazed the way for peace in the Sixth.—Salisbury Post.

Dr. R. W. S. Pegram, of Dellaplane, this State, tells the Charlotte Observer that he thinks pellagra comes from poisoning contained in the disinfectants used by grain dealers. But what business has one in this country eating imported meal or corn? We ought to raise more than we need and not have to buy away from home. Physicians have held that it came from corn and it may be that Dr. Pegram has about sized it up, for it has been demonstrated that people who eat the good old corn raised on the farms down this way do not have it.—Greensboro Record.

No paper comes to this office that is read with more care and interest than the Morning Star of Wilmington. Indeed, it is one of the best papers in the South and is growing every day. Mr. Thompson and Colonel Clawson are up-to-date newspaper men and they burn midnight oil in their office in order to give the people a clean and newsy Democratic paper. The Star deserves to succeed and all Eastern Carolina especially should rally to it. It is one newspaper in the State that has never gotten into a single controversy. Major W. H. Bernard was its able editor for 44 years and after he retired The Star is managed and edited by men of brains and high character.—Eastern Carolina News.

There is a little indication that the tangle in the Sixth District may be straightened out. This is where two Democratic candidates are running, both claiming to be the regular nominee. Mr. Godwin, the present incumbent, whose friends bolted the regular convention, has made overtures to Mr. Clark, proposing they go into a primary and see who shall run. This Mr. Clark declines to do, but the incident shows that an adjustment may be made before it is too late. We have never kept up with the cause of the trouble, but most of the papers in that section that are fully informed seem to think that Mr. Godwin and his friends were a little previous; that is to say, the jumped without proper cause.—Greensboro Record.

The Sentinel has favored Judge Jones as the Democratic candidate for Congress, not only because he was a Forsyth man, but because we felt he was the strongest candidate. However, we have also felt all the while that the convention would make no serious mistake if it selected either of the three other excellent gentlemen who were candidates. In choosing Major Stedman the convention nominated a loyal Democrat and an able man, one who will make a strong candidate and an ideal Congressman. The Democrats of the district regardless of their individual preferences, should bow to the will of the convention and see that the party nominee gets a handsome majority.—Winston-Salem Sentinel.

Mr. A. Wayland Cooke, manager of Major Stedman's campaign for the nomination for Congress from this district, showed great sagacity and rare qualities of leadership. With sleepless vigilance he kept his finger on every turn of the situation and with tireless energy he canvassed, either in person or by representative, time after time, endlessly almost it seemed, the several delegations in the effort to secure a majority for the Guilford man. The policy of conciliation which he adopted from the very beginning and to which he clung with the utmost tenacity is conceded to have been one of wisdom. Every effort was made to give the other candidates absolutely no cause to complain of unfair treatment or of bitter language. Mr. Cooke was also happy in his selection of the Stedman delegates. Old time political foes found themselves lined up shoulder to shoulder fighting a common battle and it is not doubted that not a little political animosity was in this way wiped out forever. As a climax to his efforts in this connection and as an augury of the support of Stedman by the united Democracy of Guilford in November, Guilford, on the last ballot voted its full strength for Stedman—the first time during the whole convention. Cooke made good. Every one who watched the progress of the battle and noted its issues must have so concluded.—Greensboro Telegram.

A Frightful Wreck
of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, its supreme. Surest pile cure. 25c at Robert R. Bellamy's.

$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldnt it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency? I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K-1351 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

TRIAL OF BIG DAMAGE SUIT

Case of J. W. Holmes Against Dr. L. H. Love Now Being Heard in Superior Court—Being Hard Fought.

Matters on the criminal side of the docket having been disposed of Thursday, the civil calendar was taken up in Superior Court yesterday morning and after entries had been made in several cases not ready for trial, counsel announced their readiness for trial in the case of J. W. Holmes, formerly a Seaboard Air Line conductor, against Drs. W. J. and L. H. Love, involving damages in the sum of $20,000 for alleged negligence of the physicians in properly treating the injuries received by the plaintiff in a wreck on the Seaboard August 7th, 1900. A nonsuit was taken yesterday as to Dr. W. J. Love, whom, it was shown, did not have anything to do with the case, and the trial proceeded with Dr. L. H. Love, now a resident of California, as the defendant.

The case was called at 10 o'clock and it took from then until 12 o'clock to select the jury, as follows: C. W. Yates, Jr., J. R. Bruff, T. C. Rhodes, E. S. Hancock, E. J. Conway, E. A. Outlaw, Geo. S Boylan, T. P. Sykes, F. B. Rice, W. F. Cox, J. H. Kuck and L. H. Burnett.

The pleadings were then read. The complaint sets out that the plaintiff was injured in an accident on the road August 7th, 1900, having his right arm wrenched from the socket to the shoulder and a bone in the forearm being broken; that he was attended by Dr. L. H. Love, who, it was then thought was a partner of his father, Dr. W. J. Love; that due to lack of skill and to negligence on the part of Dr. L. H. Love he did not receive proper treatment; that the physician was not open to suggestions or to advice, but always making light of same and putting forward his superior knowledge, and that the plaintiff, thinking him skilled, allowed him to continue to attend him, the treatment resulting in the plaintiff practically losing the use of his right arm, now being unable to raise it to its proper and useful position. The allegations of the plaintiff are denied by the defendant, who sets forth that Dr. Love did treat the patient in a skilled and proper manner, contending that if any permanent injury has been received it was due to the plaintiff's own negligence. Upon the statement of Dr. W. J. Love that he was never called into the case and did not know anything about it, the plaintiff took a non-suit as to him. The plaintiff asks for $10,000 actual and $10,000 punitive damages.

The plaintiff, Mr. J. W. Holmes, was the first witness, being called to the stand as soon as the reading of the pleadings had been concluded. Court took recess for dinner in the midst of his testimony. He resumed his testimony upon the convening of the afternoon session and was on the stand until nearly 5 o'clock, telling in detail of the accident, the treatment of his injuries, etc. In his cross-examination of the witness, Thos. W. Davis, Esq., of counsel for the defendant, stated that the plaintiff brought suit against the Seaboard Air Line in Union county, but two weeks later settled with the road and then brought an action against the physician who attended him, and asked the witness several questions bearing on the settlement of the case, all those not involving the plaintiff in the present action being objected to by plaintiff's counsel and the objections were sustained by Judge Whedbee. Mr. Davis stated during the several arguments on points raised that Dr. Love attended Mr. Holmes in the absence from the city of the regular Seaboard surgeon.

At the conclusion of the examination of the plaintiff Chief of Police N. J. Williams was called to the stand as a witness for the plaintiff, and was followed by Dr. W. D. MacMillan, county superintendent of health, who had not finished his testimony when court took a recess until this morning. It was stated last night that the taking of testimony for the plaintiff would be concluded some time today and that the case should go to the jury Monday afternoon.

The plaintiff is represented by the firm of Meares & Ruark, while appearing for the defendant is Hon. John D. Bellamy, George Rountree and Thos. W. Davis, Esq. Mr. Rountree entered the case yesterday taking the place of Junius Davis, Esq., who is sick. The case is being hard fought on both sides and every inch of ground is contested.

The evidence in the case is being taken down by Mr. Meares Harriss, the expert stenographer, whose work in this capacity has attracted wide attention.

The case of Luke Grady against George Bell was continued for the plaintiff and the case of Leger Meyer against S. L. Smith, et al., was continued for the defendant. The following were continued by consent: H. F. Boney against B. S. Jones & Co., O. T. Hatch & Co., against C. D. Gilbert & Bro.; J. C. Stevenson against Thos. McLaurin; U. S. Candy Co., against Crescent Candy Co.; McCasky Register Co., against W. J. Bradshaw; S. L. Smith & Son against J. F. Woolvin.

CLEARS THE COMPLEXION.

Discovery That Cures Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to cure it with Hokara.

This pure and simple skin food is being introduced in Wilmington by J. Hicks Bunting Drug Co., at the low price of 25c for a liberal sized jar.

It contains no grease or acid, is cleanly to use and is a true food and nourishment for the skin, cleansing and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction return the empty jar to J. Hicks Bunting Drug Co., and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food. Larger size 50c.

If the skin trouble is caused by impure blood, or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

STORY OF REMARKABLE DOG

Wilmington Canine Takes Up With Stranger and Day Later Goes to Latter's Home on Train Unaccompanied.

Unquestionably a Wilmington citizen is the owner of the most remarkable dog that ever lived, if a story in this week's issue of the Lee County Times, published at Jonesboro, is to be believed, and so far nothing has developed to repudiate the statements contained in the article.

Yesterday morning Mr. John J. Fowler, city clerk and treasurer, received from Mr. J. P. Avent, a prominent merchant of Jonesboro, a letter stating that he had in his possession a dog wearing a badge on which is inscribed "1910, Wilmington, 205," and asking the city official to ascertain from his records the owner of the canine, also calling attention to an article in the Lee County Times, mailed under separate cover. The article in the Times is as follows:

"A strange occurrence happened during the excursion to Wrightsville Beach last Thursday, and as a result Mr. J. P. Avent, of Jonesboro, is in possession of somebody's pet dog. It happened this way: Mr. Avent says that while walking around on the Beach last Thursday he dropped in at the Seashore Hotel and was watching the people dance, when a small dog came up to him, seeming glad to see him, and afterward seemed determined to stay with him. When Mr. Avent left the hotel he could not keep the dog from following him and that night the dog remained near his room. On Friday afternoon when Mr. Avent left the beach the dog tried to get on the trolly car with him but he put him off and left him, and came on home Friday night with no further thought of his new acquaintance—the dog. But lo and behold! when the regular passenger train arrived here Saturday afternoon at 1:33 the dog jumped off the train and began the search for his new master. After running about the depot for a few minutes he struck a bee line for Mr. Avent's residence, not finding him there he returned by way of another street to Mr. Avent's store and Mr. Avent says, he appeared to be the happiest dog he ever saw. Mr. Avent has not been able to get away from him a minute since his arrival here Saturday, unless he shuts him up.

"The greatest mystery about the whole thing is, how did that dog find his way to Wilmington, then take the right train on a strange road and come a distance of 115 miles and get off at the right station 24 hours after Mr. Avent left there. After passing several stations out of Wilmington, the conductor noticed that he had a dog which seemed to have no master and he began to inquire about it, but no one knew anything about him, so the conductor told the baggage master to keep it in the baggage car, which he did until the train arrived at Jonesboro. With a twinkle in his eye and a quick wag of his tail by which Mr. Doggie seemed to thank the clever trainmen for his long ride, he leaped from the train and began the hunt for his chosen master as mentioned above.

"Mr. Avent says he does not want the dog, and he will be glad to hear from the owner with instructions as to what to do with it. The dog seems to be about six months old, wearing a collar and badge around his neck with the following inscription on the badge: (1910, Wilmington, 205).

"It is hoped that this may serve to acquaint the owner of the dog as to where he can be found."

The records in Mr. Fowler's office show that badge No. 205 was issued to Mr. Andrew J. Moore, freight agent for the A. C. L. in this city. Mr. Fowler communicated with Mr. Moore who stated that his dog, or rather his children's dog, went to the beach some days ago with the children and since then all efforts to locate him had proved futile. Mr. Moore was satisfied that the wonderful dog who figured so prominently in this week's issue of the Lee County Times belonged to his children and he was rejoiced for his children's sake to know that the canine had been found. Mr. Fowler immediately wrote Mr. Avent the result of his investigation and stated that Mr. Moore would take steps at once to secure a return of the dog. When he left Wilmington his dogship was simply a dog, but he will return a famous canine.

WEEK OF FINE VAUDEVILLE.

Crystal Palace Will be Open All of Next Week.

The Crystal Palace will be open all of next week. At that time a vaudeville bill of decidedly novel nature, being thoroughly up-to-date and clever, will be offered. The bill will also present Mlle. Nennelle, who is proving the sensation of the vaudeville circuits in the South. She will be seen in a series of startling aerial acts, headed by sketches entitled, "The Girl in the Moon" and "Halley's Comet." Each will prove a startler, as well as something decidedly pretty and fascinating for the eye to behold. Besides Mlle. Nennelle the headliners will be Hal Mordaunt & Co., who will present during the week a repertoire of high-class farce comedies, special scenery being used. In addition to the vaudeville the Palace will also offer two reels of the latest moving pictures, thus making an extra big combination bill. Yet the prices will remain at the usual low scale and the performance will be changed daily. The evening performance will take place Monday afternoon.

SUNDAY SERVICES

Announcement by Wilmington Pastors For Services Tomorrow.

First Presbyterian Church, corner Third and Orange streets, Rev. J. M. Wells, D. D., pastor. Services tomorrow, Sunday, at 11 A. M. Sunday school at 9:50 A. M. Christian Endeavor 7:15 P. M. Usual mid-week prayer meeting Wednesday evening at 8:00. All welcome.

Advent Christian church, Fourth and Church streets, Rev. C. H. Sweet, pastor. Preaching at 11 A. M., subject, "A Minister's Prayer for His People." Sunday school at 3:30 P. M. Preaching at 8 P. M. topic, "How to Detect and Guard Against Dangerous Errors." The Earnest Workers meet Wednesday at 3:30 P. M. Mid-week prayer meeting Wednesday at 8 P. M., to be followed by the monthly church conference, which every member should attend if possible. A welcome to all.

AMERICAN BANK'S NEW HOME

Plans for Remodeling Building Accepted and Contract Let for Tiling. Work to Commerce Shortly.

Announcement was made yesterday by officers of the American National Bank that the plans of Architect H. E. Bonitz for remodeling the building at No. 208 North Front street, recently purchased from Mr. Geo. O. Gaylord as the new home of the institution, had been accepted and that the work would be commenced in a short time under the supervision of the architect.

The building will be ready for occupancy by the bank by the 1st of October and the plans call for one of the most handsome and conveniently arranged banking houses in the State. The front will be of classic design while the interior will be attractive and the different compartments conveniently arranged. New banking fixtures, designed in oval shape, will be installed, and there will be a ten-foot vestibule, the floor of which will be of green quarrie tile. The flooring in the lobby will be of the same material. The side walls will be wainscoted with white Tennessee marble, 52 inches in height. The fixtures are to be of marble base and mahogany wood work with bronze brass grill. The entire interior will be re-arranged to meet the requirements of a modern banking house and the furniture and fixtures will be among the handsomest found in any bank in the State. The contract for the fixtures has been let to the H. M. Wade Manufacturing Company, of Charlotte.

In addition to the usual offices for the president and cashier, directors' room, etc., the plans provide for a ladies' private banking room, adjoining which will be a ladies' retiring room which will be equipped with all the conveniences and will be furnished with modern and handsome furniture. Of course the vault will be fire and burglar proof and will meet all the requirements as to safety and will be ample in size to take care of the ever increasing business of one of Wilmington's youngest but most progressive and prosperous financial institutions.

The officers of the institution, Mr. W. B. Cooper, president; Mr. Geo. O. Gaylord, vice president, and Mr. Thos. E. Cooper, cashier, yesterday inspected the plans of Architect Bonitz and accepted them without any alteration and let the contract for the fixtures as above stated. The work will be commenced right away and will be completed in time for the bank to move to its new quarters by October 1st.

INQUEST OVER THE BODY.

Jury Finds Mr. Reilly to Have Met Death Accidentally.

The following is from the Charleston News and Courier in regard to the inquest held over the remains of Mr. W. J. Reilly on Thursday:

"A coroner's inquest was held yesterday morning at the Stuhr undertaking establishment, on Wentworth street, over the body of W. J. Reilly, the Southern Bell Telephone and Telegraph lineman, who was killed Wednesday afternoon on the corner of Washington and Laurens streets, the verdict of the jury being to the effect that the young man had come to his death in an accidental manner through injuries received after falling from a telephone pole. Mr. J. Owen Reilly, brother of the dead man, arrived in the city yesterday morning and had the body shipped to Wilmington, N. C., yesterday evening via the Atlantic Coast Line Railway Company.

"Messrs. I. R. Walker, foreman; J. P. O'Neil, lineman, and A. J. Whitely, helper, the members of the gang which was doing the repair work on the Laurens and Washington streets at the time of the accident to young Reilly, testified at the inquest yesterday morning, their stories being corroborative in every particular. Reilly either lost his balance while climbing the pole or was overcome by the intense heat prevailing. Dr. Robert Taft, who conducted the post-mortem examination upon instruction of the coroner, read a statement at the inquest in which he stated that Reilly came to his death from the results of a fractured skull."

Colored Man Dies in New Jersey.

Willie LeGrand, colored, son of the late Louis LeGrand, a well known colored man of this city, died at Asbury Park, N. J., Monday and his body was brought here last evening, accompanied by his sister, Jennie LeGrand, and now lies in state at the home of a sister, corner Third and Castle streets. The funeral will be held from Christ Congregational church Sunday afternoon at 4 o'clock. The negro was 39 years old.

Fine City Grown Peaches.

As fine North Carolina peaches as the Star has ever seen are samples from a tree in the yard of Mrs. G. L. Schutt, at her home, No. 807 Bladen street, this city. They are of very fine variety and those on the tree weigh from 10 to 11 ounces and are perfect specimens of the fruit. Mrs. Schutt has the thanks of the Star for the specimens sent and the example of what may be accomplished in fruit culture in Eastern Carolina with the proper, intelligent effort.

Souvenir Dance for "Kids."

Another souvenir dance will be given to the "Kids" Monday night at Lumina. The last souvenir dance given to the children some time ago was a great success, there being over two hundred children in the grand march when the favors were distributed. All the children are looking forward to the dance Monday night, and there will, no doubt, be a large crowd in attendance.

Winyah Sails With Cargo.

The Clyde steamer Winyah, Capt. Bunnell, which brought cargo of cement here for the Wilmington Compress & Warehouse Company, cleared yesterday for New York with cargo of lumber and crossties. Her cargo was received from various parties at the port and consisted of 14,000 ties and 70,000 feet of lumber. The vessel is by H. G. Smallbones.

Week-End Dance Tonight.

Tonight at Lumina week-end dance. **

PLOT TO ESCAPE WAS FOILED

Negro Preacher-Tailor and Jail-Bird Friends Thwarted in Plans to Over-Power Jailer and Escape.

By communicating to Jailer J. M. Branch the substance of a conversation overheard while on a visit to her husband in the county jail, a negro woman yesterday morning probably saved the life or serious injury of the jailer and prevented the escape of Rev. T. H. Alston and George Green, colored, tried in Superior Court during the week and sentenced to terms on the county roads for false pretense and forgery, respectively. There may have been others in the plot, but their names have not yet come to light. The timely information given by the woman caused the plans of the negroes to be frustrated and it is a safe bet that they will now not succeed in effecting their escape from the county jail.

During the period of one hour in the mornings, relatives and friends of prisoners are allowed to visit the jail, so it was stated, and yesterday morning a negro woman went to the institution to see her husband who is incarcerated on some minor charge. While talking to her husband she overheard a conversation between Alston, the preacher-tailor, who swindled several negroes out of amounts ranging from $3 to $15 on the pretense that he was a representative of a Baltimore clothing house, and George Green, who secured a quantity of merchandise from wholesale dealers on the wharf by forging orders and by false representation. The conversation, so far as could be learned, was to the effect that when the jailer came in with the morning meal for the prisoners the two, with the aid probably of other negroes, would overpower the jailer, secure his keys and make their escape. After hearing this plot laid bare, the negress rushed down to Jailer Branch and told him all she had heard.

Mr. Branch communicated the information to Sheriff S. P. Cowan, who quietly summoned two of his deputies and two policemen and went to the jail prepared to make it lively for the negroes should they attempt to execute their plans. The deputies and policemen were stationed near the entrance to the corridor leading to the cells of Alston and Green, while Sheriff Cowan accompanied Jailer Branch with breakfast for the prisoners. As the officers walked up the steps leading to the floor on which the negro prisoners are confined, Walter Way, the white man sentenced to five years in the penitentiary for manslaughter, hailed Sheriff Cowan, this fact alone thought to have been responsible for failure of the negroes to attempt to carry out their scheme. The negroes evidently heard Way call the name of Sheriff Cowan and very likely realized that their scheme had been discovered and that it would be useless to attempt to effect an escape. At least no effort was made by the negroes toward securing their freedom.

Alston, who was sentenced Thursday to two years on the county roads, and Green, who got four years, will be taken to the convict camp this morning as well as the other prisoners who were sentenced at this term of court.

Information was received here yesterday morning by an officer to the effect that Alston is wanted in Kingstree, S. C., where it is alleged that he broke jail some time ago. The officer stated that he had received the information from a reliable source and was satisfied of its authenticity. Alston has proven himself to be a slick negro and one who requires careful watching and the guards at the convict camp will be fully informed as to his record, so far as known here, when he is turned over to them today.

ATLANTA FOLKS AT BEACH.

Large Party From Georgia's Capital Arrived Yesterday.

Georgians, especially people from the capital of that great State, are much in evidence at Wrightsville Beach again this season and every week a large party arrives to spend the week-end and for longer periods. More than a hundred prominent people from Atlanta arrived yesterday afternoon on special Pullmans attached to the regular passenger train and went to the beach on suburban cars. They are guests at the different hotels and boarding houses, where they are being given every attention and courtesy of the delightful resort. The other trains to the city yesterday also brought a large number of week-end visitors and today's trains are expected to be crowded. It is expected that travel on the A. C. L. tomorrow will be especially heavy. Reports received here indicate that a large number of people from the surrounding towns expect to take advantage tomorrow of the special Sunday excursion rates offered by the road. The reduced Sunday rate on all the Coast Line roads entering this city went into effect some weeks ago and the Sunday travel to the beach has been very heavy ever since.

REMAINS LAID TO REST.

Funeral Yesterday Morning of Late William J. Reilly.

The funeral of the late Mr. William J. Reilly, the details of whose tragic death in Charleston, S. C., Wednesday afternoon, have been given in The Star, was held from St. Thomas' Catholic church at 10:30 o'clock yesterday morning, conducted by Rev. Father Dennen, the rector, in the presence of a number of relatives and friends of the deceased. Mr. Reilly was very popular with a large circle of friends in Wilmington and his death has caused profound sorrow. The body was brought to this city on the late A. C. L. train Thursday night and taken to the home of Mr. James Owen Reilly, brother of the deceased, 212 Nun street. Following the services at the church yesterday morning the body was tenderly borne to Oakdale cemetery, where the interment took place. The pall-bearers were: Honorary, Messrs. Timothy Donlan, J. J. Allen, E. Lee, and Dr. Thos. B. Carroll, active, Messrs. Quincy Satchwell, B. M. Jones, William Powell, Dan Quinlivan, James A. Price and James Bergen.

BRUNSWICK SUPERIOR COURT.

Convenes at Southport Monday Week for Trial of Civil Cases.

The regular August term of Brunswick county Superior Court will convene Monday, August 8th, for the trial of civil matters. The Southport bar held a meeting July 17th at which the calendar for the term was arranged. The Wilmington lawyers and others will be interested in the cases set for hearing. The following are the cases arranged for the first five days:

Monday, August 8th—J. F. Sommersette, admr., against L. F. Fefil, admr.; J. I. Case Machine Co. against J. T. West.

Tuesday—Waccamaw Lumber Co. against C. C. Evans; H. Beer & Beer against James Benton, et al.; Gardner & Lacy Co. against G. V. Smith, et al.; Waccamaw Lumber Co. against Marsden Mooney, et al.

Wednesday—G. H. Hollins against Lucy A. Hollins; George R. Phelps against John J. Hewett; J. W. King against Vance Simmons and W. H. Inman; Hardy Williams against J. W. Rabon, also another case of the same title as the latter.

Thursday—A. A. Simmons against S. H. and J. W. Mintz; A. A. Simmons against S. K. and J. W. Mintz; Pinckney Simmons against A. A. Simmons; D. L. Gore against D. McFayden, et al.

Friday—Pheoby Fullwood, et al., against J. F. Fullwood, et al.; Henry Galloway against R. W. Gibson.

The remaining cases on the docket are to be taken up in their regular order as they appear on the docket.

MOUNTAIN EXCURSION.

Big Trip Over Seaboard in August to Mountains of Carolina.

In this city yesterday were General Manager L. T. Nichols and General Passenger Agent E. F. Reid, of the Carolina & Northwestern Railroad, and Mr. H. S. Leard, the genial Division Passenger Agent of the Seaboard Air Line. They came down for a general view of the situation with the contemplation of running an excursion from Wilmington over their lines about the middle or last of August to the mountains of Western North Carolina, giving the choice of several most interesting stop-overs in the picturesque land of the sky. The trip contemplates a very low round-trip rate to Edgemont, Linville City, Blowing Rock and other points via the Watauga & Yonahlossee turnpikes. The plan is to run a special train from Wilmington with tickets limited for perhaps as long as 30 days with return privileges on any of the regular trains at the option of the passenger. Details of the trip will be made known later.

FUNERAL OF MRS. KNIGHT.

Services From Family Residence Yesterday Afternoon.

The funeral of Mrs. Susan A. Knight, wife of Mr. Eugene S. Knight, was held from the family residence, No. 706 North Third street, at 4:30 o'clock yesterday afternoon, conducted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist church. The saddened home was crowded with relatives and friends who gathered there to pay a last sad tribute of respect to the memory of the deceased. Many beautiful floral designs were laid upon the newly made mound in Bellevue cemetery, where the interment took place. The pall-bearers were: Honorary, Dr. A. D. McDonald and Thomas Torpy; active, Messrs. Willie Hurst, H. B. Goodnight, B. C. Moore, D. B. Branch, Wm. G. Otersen, W. F. Whitaker.

FALCON CAMP MEETING.

Annual Announcement of Interesting Gathering in Cumberland.

The Star has received the annual announcement of the Falcon Camp Meeting which will be held at Falcon, Cumberland county, August 11th to August 22nd, 1910. The meetings are held each year under the direction of Rev. J. A. Culbreth at Dunn, N. C., who will be glad to furnish all information. Christian people of every denomination will be welcomed. The preachers will be Rev. Geo. E. Fisher, of Toronto, Canada; Rev. N. J. Holmes, of Altamont Bible School, Altamont, S. C., together with many local preachers and evangelists. Tickets should be bought to Godwin, N. C., a station on the A. C. L. between Wilson and Fayetteville. Teams will meet the trains at 1 and 4 P. M. each day and transfer passengers to the camp meeting ground. A restaurant will be maintained on the grounds where meals will be furnished at 25c each or 50 cents per day. Sleeping rooms will be provided in the camp sheds at the rate of $2 for the entire meeting. Furnished rooms in the dormitory may be obtained at $3 for the ten days. Parties, of course, are expected to furnish their own beds and bedding.

On Visit to Old Home.

Mr. Thos. E. Skipper, of New York City, is here on a visit to his brother, Mr. Fred T. Skipper, and sister, Mrs. Duncan McEachern, and has been most pleasantly greeted by his many Wilmington friends. Years ago Mr. Skipper was in the employ of The Morning Star, having served his apprenticeship as a printer in this office. He moved to New York 26 years ago and has since resided in that city, where he holds a lucrative position in one of the large printing establishments. Many changes have taken place in this city since he went to the metropolis and there have also been marked improvements since his last visit to Wilmington four years ago. Mr. Skipper's many friends will be glad to know that he will be here for some days yet.

MOUNTAINS TO SEA.

Laurinburg Exchange Joins in Rockingham Post Movement.

(Louisburg Exchange.)

"We join forces with the Rockingham Post in an effort to bring about a highway from Wilmington to Charlotte. Already a route has been laid out from Charlotte to Asheville and several miles of the road actually built. With the links of good roads already built between Charlotte and Wilmington connected up, a highway would exist connecting the mountains with the sea and doing great things toward the development of the whole country traversed by it. A first-class road now connects Laurinburg and Lumberton, and the only break in the good road between Laurinburg and Rockingham is a bit of the sand hills between Laurel Hill and Old Hundred, and that is even now being built. So far as Scotland county is concerned, therefore, within a very few weeks our part of this work will be completed. With Shoe Heel creek, the only stream of consequence between us and Robeson, spanned by the most modern concrete bridges and the roads from the Richmond county line to that of Robeson in such shape that the man at the wheel of an automobile may go as fast as he chooses, our part of this work is ready for inspection. We are depending upon the Charlotte Chronicle to look after the Charlotte-Asheville end; the Ansonian and the Post to have the Pee Dee bridged and those clay hills reduced to reasonable grades, and we ask the Robesonian to take up the work to the east of us and help out the Wilmington Star in getting this thing through to the sea.

WILMINGTON GUN CLUB.

First Turn at New Traps Yesterday Afternoon—Mr. Knight Guest.

After its recent very successful and promising reorganization for the approaching season, the Wilmington Gun Club held its first shoot on the new traps at 17th and Castle streets yesterday afternoon, a goodly number of the faithful taking a turn at the traps during their sojourn on the grounds. The club had as its guest Mr. Knight, the clever representative of the Winchester people, who was high gun though of the amateurs the shooting was led by Mr. John E. Taylor. The traps were in fine shape and the members of the club were delighted with the new club house and the rearrangement of the grounds. It is the purpose of the club to hold a shoot weekly on Friday afternoons and all followers of the sport are cordially invited to join. A tournament may be arranged for a little later in the season.

AGED LADY PASSES AWAY.

Mrs. Martha Jane Jacobs Died Yesterday Afternoon.

Many friends will learn with much regret of the death of Mrs. Maratha Jane Jacobs, wife of Mr. Benjamin Jacobs, who passed away at her residence, 806 South Front street, at 3:20 o'clock yesterday afternoon. She had been in failing health for some time, but her recent severe illness covered a period of only a week or ten days. She was 63 years old and is survived by six children, Mrs. T. N. Justice, Mr. B. W. Jacobs, T. S. Jacobs, Mrs. W. H. Vredenburg, Mrs. J. W. Matthews and Mr. Mike Jacobs, all of Wilmington. Mrs. Jacobs was a consistent member of Immanuel Presbyterian Church. The funeral services will be held from the residence at 9:30 o'clock Sunday morning and the interment will be in Bellevue cemetery. The services will be conducted by her pastor, Rev. J. S. Crowley.

ANNUAL CLEARANCE SALE.

Messrs. J. M. Solky & Co., Announce Great Yearly Event at Store.

Eleswhere in today's paper Messrs. J. M. Solky & Co., announce their great annual clearance sale of high-grade Summer and early Fall clothing. Some exceptional bargains in all lines are offered and the careful buyer would do well to read the announcement of this big merchandising event. The advertisement elsewhere in today's Star tells of some of the magnicent bargains. It is a motto of the Solky store to "Never carry over, what can be sold now" and if prices and quality will do the work the firm will not hesitate to cut to the bottom.

BIG FIRE AT CHESTER, S. C.

Shops at Carolina & Northwestern Railroad Destroyed.

Columbia, S. C., July 29.—Fire of unknown origin today destroyed the shops of the Carolina & Northeastern Railway, located at Chester, S. C. Besides the buildings and contents, two engines and a passenger coach that were practically ready for the road, were burned. Loss $100,000.

The loss is estimated to reach more than $100,000 and the insurance will but partially cover the loss.

The shops were located adjoining the Springstein cotton mills and it was only through the most heroic efforts on the part of the firemen and the able assistance of a number of citizens that the mills were kept from being consumed, but to their aid came a brisk wind while the fire was at its height that carried the heat of the burning shops away from the mills.

Much property adjoining the shops has been more or less damaged by the fire. The fire will throw about 100 skilled mechanics and many unskilled workmen out of jobs until the shops can be rebuilt, which is stated will be done at once.

The fire came at a very inopportune time for the Carolina & Northwestern, as the road needs every bit of the equipment that it can possibly get just now to handle its heavy business.

FOR CONSERVATION MEASURES.

Pinchot Refers to Monopolistic Grabbing of People's Property.

Washington, July 29.—"More than one avenue to the mopolistic grabbing of the people's property has been closed, but much still remains to be done," declared Gifford Pinchot, the former forester and now president of the National Conservation Association, in a bulletin addressed to the members of the association today summarizing the progress of conservation measures during the last session of Congress.

"In spite of all opposition," the former forester asserts, "the principles for which we stand have been enacted into law in a considerable number of cases, and are represented in many bills still awaiting action."

Mr. Pinchot sharply criticises the Interior Department in regard to the development of water power.

CRUISER'S FLAG AT HALF MAST.

For Assassinated King of Italy—Arrives at Norfolk.

Norfolk, Va., July 29.—The Royal Italian cruiser Collier Stereope, Count Francisco Di Casteloero commanding, and flying her flag at half mast for King Humbert, who was assassinated ten years ago today, arrived this afternoon from New York to load 3,000 tons of coal at Lambert's Point for the Italian government. She expects to sail tomorrow for Brindis, Italy.

There was a delightful sailing party out from the Seashore Hotel, Wrightsville Beach, Thursday, the trip being made in "Virgea May", Capt. Wells. Those in the party were Mr. J. W. Polk, Nashville, Tenn.; Dr. and Mrs. Carlton, Salisbury; Miss Beulah Kern and Mrs. Manning, Dillon, S. C.; the Misses Stackhouse, Marion, S. C.; Messrs. Littleton and Aringer and Mr. Williams and three sons, of Eleanor, Fla.

WHITE OAK TIMBER

Scarcity of Genuine Article and Some Causes.

Washington, D. C., July 29.—It will surprise most persons who know something about oak to be told that the so-called white oak timber of our markets is often a mixture not only of various species of the white oak group but also of other species, such as the red oak. This generally unknown fact is reported by the U. S. Department of Agriculture, which, as a part of its forestry work, is frequently called upon to pass judgment upon the identity of market woods in dispute.

Foresters divide all the oaks into two distinct groups—the white oak group and the black oak group. One way of distinguishing the two is by the fact that the black oaks require two years to mature their acorns, while the white oaks take but one. The woods of the two groups of oaks are also structurally different. The true white oak, known to botanists as Querous alba, is merely one of the species which make up the white oak group. Red oak, on the other hand, belongs to the black oak group. Red oakhas a number of other comman names, among them mountain oak, black oak, and Spanish oak.

There is so much confusion in the ordinary use of names of the oaks that it is almost impossible to keep them straight without resorting to the scientific names, but the marketing of wood of the black oak group as white oak is hardly fair to the consumer. Red oak, for instance, is now much more abundant than white oak, grows faster, and is generally regarded as inferior. The two species often grow together and occupy the same general region.

In the early days of its abundance, market white oak was derived almost entirely, it is safe to say, from Quercus alba, the true white oak. This species combines approximately the utmost strength and toughness of any of the timber oaks, excepting possibly the southern live oak, which in the colonial days was so highly prized for shipbuilding that it was protected by special laws. The immense inroads made upon the then apparently inexhaustible white oak forests, which stretched from the Atlantic seaboard to about Missouri, gradually so reduced the supply that the use of other species became inevitable.

At the present time it is almost impossible to obtain a consignment of white oak that does not contain pieces of some other species. Of the white oak group those most used, in addition to the true white oak, are bur oak, chesnut oak, chinquapin oak, post oak, swamp white oak, cow oak, and overcup oak; of the black oak group, Texas red oak, red oak and spotted or water oak.

Real white oak timber of number one quality is very largely cut into quarter-sawed boards, while a combination of one or more white oaks and red oak may constitute other cuts of "white oak". In many markets, the term "cabinet white oak" is now understood to include a mixture of white oak and red oak, while it often signifies red oak only.

The question, "What is white oak?" is now coming up among consumers and manufacturers of commercial oak timber. The above-named white oaks are distinct but closely related species, which together must be depended upon for the future supplq For the ordinary purposes for which true white on for the future supply. For the ordi- of this group yield woods that can be interchanged and will serve eqully well.

LOCAL DOTS.

—There will be services at Immanuel Presbyterian church tomorrow at the usual hours, 11 A. M. and 8 P. M., conducted by the pastor, Rev. J. S. Crowley.

—The only case in the Recorder's court yesterday morning was against a colored man charged with failure to secure a dog badge. He was required to pay the costs.

—Assistant Chief of Police C. W. Woolard is on his annual vacation of ten days, and during his absence Sergeant H. W. Howell will act in the capacity of assistant chief.

—Messrs. L. D. Latta and R. F. Coleman will conduct services at the County Home Sunday afternoon at 3 o'clock. Sunday night Mr. W. M. Cumming will conduct services at Wrightsboro Union School house.

—Friends of Mr. Archie Ziegler will be interested to know that he has taken a position with the wholesale grocery firm of Mr. Ed. Boushee as salesman. He recently resigned a position at Warren's bakery and has already entered upon his new duties.

—At the ever popular Bijou today will be shown "When Old New York Was Young," "A Romantic Young Lady," and "Customs of the Buddhists in India." It is up to the high standard of Saturday bills and the attendance at each performance will doubtless be large.

—The police and other officers are still searching for a young man giving his name as S. E. Ricks, who, upon false representation, as told in yesterday's Star, secured several suits of clothes at Wrightsville Beach a few days ago. The police think that Ricks is only one of several names used by the young man.

—In the absence from the city of Rev. Dr. A. D. McClure, services at St. Andrew's Presbyterian Church tomorrow morning will be conducted by General Secretary Edwin Kettle, of the Y. M. C. A., who leaves on Monday for Danville, Va., where he assumes the secretaryship of the association there. Therefore his remarks at St. Andrew's tomorrow will be in the nature of a farewell and he will doubtless be heard by a large congregation.

—Rev. J. C. Wootten, of Durham, who has been occupying the pulpit of Grace Methodist Church during the absence from the city of the pastor, Rev. Thos. A. Smoot, expects to leave next week upon the return of Mr. Smoot. He will fill the pulpit Sunday morning and evening and those who desire to hear him again before he leaves should attend one or both of the services Sunday. Mr. Wootten has been heard with interest by large congregations during the two months he has been supplying the pulpit.

—Dr. Joseph Akerman, city superintendent of health, yesterday morning named the sixth special health officer, Mr. Gerdes, who began his duties yesterday. All of the special officers are busy and have made something like 500 reports at the office of the health department as to the condition of the houses and premises inspected. The showing, it is said, is not so bad so far. Regular officers reported yesterday several wells that should be filled up and proper steps toward carrying out the recommendations will be taken.

PERSONAL PARAGRAPHS.

—Mr. R. T. Windley left last night for New York, where he will spend some time on business.

MUNICIPAL DEBTS

Chief Cites Expended Quarter of Billion Dollars on Betterment.

Washington, July 29.—The enormous sum of $1,718,000,000 is owed by the 158 cities in the country having each a population of more than 30,000. The figures show net indebtedness and are given out by the census bureau as a result of its canvass in 1908.

The same authority finds that of this sum New York owes $684,000,000, or almost 40 per cent of the aggregate. This is more than seven times the amount of the net indebtedness of any other city, and more than one-half of the total amount owed by the twenty-nine next largest cities in the country.

It is also shown that of the $275,000,000 spent for improvements in the 158 cities in 1908, New York expended more than $83,000,000, or nearly one-third of the entire sum.

Of the total debt increase for the year $185,877,856, nearly one-half is credited to New York. The per capita indebtedness of New York also is much larger than that of any other city, exceeding $157 as compared with $128 for Cincinnati, $119 for Boston, and $115 for Galveston, the other cities making the nearest approach.

Of the cities exceeding 300,000 population, Detroit has the smallest per capita debt, $26, but Indianapolis, falling below 300,000, makes an improvement with a debt of only about $17 to the person.

OKLAHOMA'S POPULATION.

New Census Gives State 1,651,951—Increase of 16.8 Per Cent.

Washington, July 29.—The Director of the Census announced tonight that the total population of the State of Oklahoma, lacking three enumeration districts, is 1, 651,951 as compared with 1,414,177 according to the special census of 1907, showing an increase since 1907 of 16.8 per cent.

The population of the State was made public because of the fact that there is to be held in the State next month an election in which the question of negro suffrage is paramount. In presenting the figures the director said that the figures are subject to revision.

The figures show the total negro population of the State to be 1,38,456, as compared with 112,160 in 1907. In 1907 the negro population constituted 7.9 per cent. of the total and the percentage for 1910 is 8.4 per cent. The three districts lacking in the total figures, the census director announced would affect the total population by ness than 5,000.

The population of the territory now recognized as the State of Oklahoma was, acording to the census of 1900, 790,391 the population of 1910 representing an increase of 109 per cent.

Tempting Summer Desserts.

Blue Ribbon Lemon and Vanilla flavoring Extracts make irresistible summer cream, ices, puddings.

SOUTHERN ENTERPRISES.

Reports to This Week's Issue of Manufacturers' Record.

(Special Star Correspondence.)

Baltimore, July 28.—From the 14 Southern States and from Oklahoma and Missouri, the Manufacturers' Record has received this week letters from architects, contractors, builders and others at various points giving details of improvements aggregating many millions of dollars in cost under the auspices of State, county, municipal or Federal governments for corporations and for individuals, recently completed, now under way or definitely planned. These letters which fill four pages, reveal a notable activity in building operations of many kinds, in road and street construction and in home building, in railroad and levee work, in bank and office building, and in sewers, waterworks and other public utilities.

Last year showed a decided revival of such operations in the South, and though at some points there is now a bit of slackening up because of tightness in the money market, the general situation in the South has become normal, and for that section, normal means activity all along the line in city and country.

One firm of architects, for example, has since the first of the year completed plans for six churches aggregating in cost $159,000, three residences ranging in cost from $12,000 to $9,500, two jails costing $33,000 and stores and offices costing $35,000 and has under way plans for three churches aggregating $77,000 in cost. At another point a construction company is bringing to completion a $250,000 bank building and a contractor will furnish within the next three months a bank building costing $1,500,000 and has just started upon a factory building to cost $200,000. In a suburb of a Texas city contracts are nearing completion, representing an aggregate expenditure of nearly $500,000, and in a Florida city, where a railroad system is preparing to build a passenger depot 960 feet front and 100 feet deep, the general situation is described as, "ten thousand dollar residences are more numerous now than five thousand dollar residences were a few years ago."

Work in filter beds for a municipal drainage plant costing $350,000, upon a three-mile extension of a railroad costing $90,000, upon macadamizing about three miles of public highway costing $50,000 and upon a mile of embankment across a marsh costing $32,000 represent the activities of another contracting firm. A $100,000 building, part steel and part reinforced concrete for a retail grocery company, and a $700,000 office building of steel and either reinforced concrete or tile, a $15,000 club house, three school houses costing $65,000, a $50,000 Young Men's Christian Association building, a $40,000 planing mill outfit, $20,000 waterworks and electric light plant, 1,200,000 cubic yards of levee work, a $25,000 heating contract, $400,000 worth of lock and dam work in river improvement, a $40,000 baseball park, an $80,000 hotel, a $46,000 postoffice, a $225,000 hotel, a $75,000 office building, a $150,000 drainage contract, $200,000 of street improvements, a $125,000 sewerage system, a $15,000 country club, a $50,000 store building, a $100,000 boulevard, a $400,000 work of tunneling, $35,000 of miners' houses at one point and many private dwellings, ranging in cost from $1,200 to $30,000, are among the many other items mentioned in the letters.

Among the leading Southern industrial and other developmental announcements in this week's issue of the Manufacturers' Record are the following:

Davis Coal & Coke Co., Baltimore, announced its plans for expending $1,500,000 for developing new mines, installing new equipment and making other improvements to its properties at Davis and Thomas, W. Va., in connection with its 20-year contract to furnish coal to the Bethlehem (Pa.) Steel Co.; present daily output is 8,000 tons and it is used to increase by 4,000 tons.

Pamlico Chemical Co., Washington, N. C., completed organization with $100,000 capital to establish a fertilizer factory.

Standard Knitting Mills, Knoxville, Tenn., purchased site for $31,500 and will construct an additional plant costing several hundred thousand dollars; this addition will include 12,000 spindles, 200 sewing machines, 50 knitting machines, bleachery, dyeing and drying equipment, 450 horse-power steam plant, etc.

Crowell & Spencer Lumber Co., Long Leaf, La., awarded contract for improvements to cost $50,000.

Central Fuel Oil Co., Bartlesville, Okla., was reported organized by John W. Gates, of Port Arthur, Tex., Samuel Untermeyer of New York City, and English capitalists, the capital stock being $20,000,000 and the purpose to purchase 39,000 of oil land and wells flowing 20,000 barrels of oil per day.

Webb Coal & Mining Co., Charleston, W. Va., was organized with $100,000 capital.

A. Drouin & Co., Mansura, La., are interested in organizing a $350,000 company to establish a sugar refinery.

American Hosiery Co., Osage, Okla., was incorporated with a capital stock of $100,000 to build a knitting mill.

Central Kentucky Phosphate Co., Versailles, Ky., was incorporated with $100,000 capital to develop phosphate properties.

Kansas City Southern Railway awarded contract for Shreveport, La., locomotive shop, power house, car repair shop, planing mill, etc., to cost about $400,000.

Sunshine Coal & Coke Co., Charleston, W. Va., was incorporated with a capital of $1,500,000.

Shepherd Automatic Switch Co., Montgomery, Ala., was incorporated with a capital stock of $700,000 to build plants for manufacturing automatic railway switches.

DIED.

Willie LeGrand, colored, departed this life, July 25th, 1910, at Asbury Park, N. J. He was the son of the late Louis LeGrand, well known resident of Wilmington, N. C. His body arrived in this city Friday, July 29th, at 6 P. M., accompanied by his sister, Jennie LeGrand, and now lies in state at the home of his sister, Carrie LeGrand-Nichols, corner Third and Castle streets. Funeral from Christ Congregational church, Sunday, 4 P. M.

BRUNSWICK COUNTY NEWS.

Items of Interest Culled From This Week's Southport News.

The following items of interest are taken from Thursday's issue of the Southport News:

"Many of our Brunswick citizens attended the convention at Wrightsville Beach last week and every one has an interesting view to speak of from that eventful occasion. The great majority from this county were favorable to the nomination of Godwin, and they speak in no complimentary terms of that convention which nominated Mr. Clark.

"The Brigade broke camp on Saturday and returned to Wilmington, after a good outing, in spite of the unfortunately rainy weather which prevailed most of the time of the encampment. Southport is pleased to have this fine organization of manly young men encamp here, and always accords to them a welcome. The orderly bearing of the young men and fine demeanor in camp wins admiration. This creditable organization has selected Southport as the place for the permanent encampment.

"Fort-o-graphs: Mr. John Murchison, of Wilmington, has been the guest of Lieut. and Mrs. Edwards for the past week.——The government market boat, the steamer 'Madeleine', will leave Wilmington on Saturday afternoon at 4:30 instead of at 2:15, the usual schedule through the week.——Frank St. George and Clyde Newton are the successful bidders for the contract of carrying the mail between this post and the postoffice at Southport. They have bought a new boat for the service which is electric lighted and has a canvas awning, over the top.——The Spanish-American war veterans, of this post, held their annual outing at Old Brunswick last Saturday, where all enjoyed a day in the woods.——The troops of this command will go into camp on the morning of the first of August, to remain for fifteen days. The Coast Artillery Reserves will come on the 5th for ten days.

"On Thursday night the Boys' Brigade gave a ball at the Pavilion, which was a very popular feature of the encampment. The Brigade furnished the music from the camp, and many attended the enjoyable event.

"Mrs. J. S. Sellers and sons Louis and Hood, of Wilmington, and the Misses Maggie and Hazel McRacken, of Whiteville, were the guests of Mr. and Mrs. J. B. Fountain on Sunday.——The popularity of the Sunday trip down the river from Wilmington to Southport is being increased by the recent hot weather.——Mr. and Mrs. Clarence Holden, of Wilmington, were the Sunday guests of Mr. and Mrs. Rob Lewis.——Mr. and Mrs. E. L. Burriss returned to Wilmington Sunday, after having spent two weeks here."

HORNET GRANTED CLEARANCE

Dismantled of the Guns Before She Could Proceed to Bluefields.

Washington, July 29.—The yacht Hornet recently purchased by Nathan Stern, of New Orleans, will be granted a clearance to Bluefields, Nica., carrying arms, ammunition, and foodstuffs. The collector of customs at New Orleans has telegraphed to the Department of Commerce and Labor asking for instructions, saying that the Hornet wishes to clear Saturday. Acting Secretary Cable has advised the collector that the facts set forth in his telegram do not justify holding up the Hornet's clearance papers.

The official disclosure of the mission of the Hornet which is on her way from Norfolk to New Orleans, is significant in view of the nature of her proposed cargo and of the recent reports that she was detained for service under the Estrada government in Nicaragua. The collector telegraphed that the Stern Shipbuilding company, the owners, wished to clear the craft with 147 cases of ammunition, eight cases of shot guns and four cases of field guns, together with flour, lard, rice and gasoline, and they claimed the Hornet was on a commercial mission.

The vessel has already been dismantled of her guns and this fact, together with the absence of passengers and of anything out of ordinary or number of the make up of the crew prevented this government from stopping her departure from an American port. The State Department has been advised of the situation.

JULY COTTON EXCITED MARKET

Traders Operated Under Nevre-Racking Tension Until Months' Last Contracts Were Posted—The Conditions.

New York, July 29.—While there was no such culminating squeeze of July shorts as many had expected, the cotton market today was very nervous and excited, and local traders were evidently operating under a nerve-racking tension until the last transaction in July contracts had been posted on the board.

Instead of a squeeze of speculative shorts at the last moment, there appeared to be some few thousand bales of very recently arrived cotton in New York against which July was sold and after opening at 15.90 that position broke to 15.30 or 68 points under the closing figures of last night. From this price there was a rally to 15.75, but in the last few minutes there was a little more cotton for sale and July went out with one of the big Southern bulls bidding 15.60 for all offered.

The general market opened steady at a decline of 6 to 11 points and when the price of July broke so sharply the rest of the list eased off to a net loss of 11 to 18 points on heavy realizing or liquidation in sympathy with the July break, and in response to somewhat disappointing cables. But as soon as July rallied, there was aggressive bull support of August, one broker offering to buy all there was for sale at 15.28 and the rest of the list firmed up, reaching a net advance of 2 to 5 points during the afternoon following a report that the National Ginners' Association made the condition of the crop only 72.9 per cent. against 82.3 per cent. last month. Renewed realizing and a little selling on the disappointing week-end figures eased the market off a shade in the last half hour, with the close barely steady at a decline of 10 points on August, while the new crop was net unchanged to 5 points lower. Southern spot markets officially reported barely were unchanged to 1-4c net lower. A good many bullish private crop advices were received from Texas during the day and it is said that the continued dry weather is leading to more general reports of drouth damage and deterioration. It is reported that not less than 225.000 bales of cotton have changed hands on July contracts.

Receipts at the ports today 1,738 bales against 7,439 last week and 1,497 last year. For the week 30,000 bales against 56,441 last week and 18,401 last year. Today's receipts at New Orleans 413 bales against 173 last year and at Houston 138 bales against v88 last year.

Cotton: Spot closed quiet 7 points lower; middling uplands 15.35; middling gulf 15.60; sales 71,951 bales.

Cotton Futures opened steady and closed barely steady.

LIVERPOOL COTTON MARKET.

Spot Prices Six Points Higher—Futures Opened Steady.

Liverpool, July 29.—Spot cotton quiet, prices 6 points higher. American middling fair 8.60; good middling 8.30; middling 8.16; low middling 8.06; good ordinary 7.80; ordinary 7.55. The sales of the day were 4,000 bales, of which 500 were for speculation and export and included 3,400 American. Receipts 7,000 bales, including 1,800 American.

Futures opened steady and closed steady. August 7.79 1-2; August and September 7.56; September and October 7.25; October and November 7.90 1-2; November and December 6.99 1-2; December and January 6.97; January and February 6.96 1-2; February and March 6.96 1-2; March and April 6.96 1-2; April and May 6.96; May and June 6.96.

THE DRY GOODS MARKET.

New York, July 29.—The cotton goods market shows a hardening tendency. Sales are small but steady and have shown a steady increase in a small way. Yarns are firmer and mills are curtailing the output fully 50 per cent. Wool is held firmer on this market.

REVIEW OF COTTON FOR WEEK

Sharp Advance in July Shorts Most Prominent Feature—Decline in Condition of Crop—Puts Condition as Low as 74.

New York, July 29.—A broadening of the speculation in the new crop months at a rather sharp advance in prices has been a prominent feature of the week in the local cotton market. Speculation and strengthening factors have been extreme hot dry weather in Texas and Oklahoma and reports of a sharp decline in the condition of the crop over the region east of the Mississippi.

The unfavorable reports have been received in such large numbers that there is a very general impression that the monthly government which is to appear on August 2nd will show a marked deterioration in the crop within a month. Some think it will put the condition as low as 74 per cent. as compared with 80.7 per cent. in July.

A month ago guesses on the crop yield of 13,000,000 to 13,500,000 bales were frequently heard. Now estimates of 12,000,000 maximum are common and there are those who believe that unless Texas gets the needed copious rains in the near future the total yield is likely to be nearer 11,000,000 than 12,000,000. The representative of a Wall street house after five trips of inspection over the South this season estimates the yield of 11,250,000 bales with average weather conditions during the remainder of the season. The effect of these sharp reductions in crop estimates within a month has been very noticeable in a decided increase of commission house buying for people in many sections of the country, not excepting the South and West. Also spinners both foreign and domestic have bought freely. The buying by continental spinners has been a feature of the trading of late. The buying of this character seems to indicate a growing apprehension regarding the matter of supplies during the coming season. Meantime some improvement is reported in the local dry goods market and yarns have been slightly more active at firmer prices. Cotton has continued to arrive here in surprising large volume for delivery on July contracts, and tenders during the week have been heavy. Further large receipts are expected here for delivery on August contracts. Spot interests of prominence have sold the old crop month rather freely at times. Today prices declined early on disappointing cables, improved crop reports from the eastern belt and liquidation. July notices for 10,000 bales were issued. Later there was a rally on hot dry weather in Texas and Oklahoma and a report that the National Ginners' Association made the condition of the crop only 72.9 per cent.

RELIEF TO COTTON MARKET.

End of the July Trading Came Yesterday—A Sharp Advance.

(Special Star Telegram.)

New York, July 29.—The end of the July trading came today at noon as a welcome relief. Some spectacular movement had been expected, but the contestants had withdrawn from the fray and the close was tame at 15.60.

August now becomes the battle-ground, advanced sharply after noon, but became normal later and dull.

The trade is more interested now in new crops. Cables from Liverpool were poor and the market overbought, realizing was general with selling for European account and a gradual recovery to midday. The continued lack of Texas rain is stimulating bullish estimates pending the bureau report in August, but conservatism is desirable, as the issues of these estimates are heavy buyers and the rise may have discounted the conditions at present.

The Texas condition is the potent factor and should be watched. Rain there is much needed, its absence is not yet disastrous.

HUBBARD BROS. & CO.

QUIET OUTLOOK FOR TRADE.

Bradstreet's Report on Market Conditions—Some Improvement.

New York, July 29.—Bradstreet's tomorrow will say: Trade is still quiet as a while, more so indeed, in some lines than was the case last week, and quieter even than ordinarily at this mid-Summer period. While conservatism still governs future operations by wholesale and jobbers, and retail or final distribution is still disappointing.

There are, however, some movements which indicate a more optimistic outlook in leading basic lines. Chief of these probably is the sharp upturn following a heavy break in the securities markets and recessions in grain prices following recent advances, tending to point to better than recently indicated weather and grain crop conditions.

Among the industries, features are the rather better reports as to demand for finished iron and steel, copper and some makes of cotton goods, based apparently on the advance in raw material and in raw wool. Pig iron remains steady and quiet, and prices are still easy.

In the East curtainment and short time are still marked in many leading lines, notably cottons, woolens, leather, pig iron and jewelry manufacturing. Collections are slow to fair.

Business failures in the United States for the week ending July 28th were 198 against 215 last week and 223 in the like week of 1909.

THE FINANCIAL MARKET.

New York, July 29.—Money on call easy 1 1-2 to 2 per cent. ruling rate 1 3-4, closing bid 1 3-4, offered at 2 per cent. Time loans dull and easier; 60 days 3 1-4 to 3 1-2 per cent., and 90 days 3 3-4 to 4 per cent., six months 5 to 5 1-4. Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange weaker with actual business in bankers' bills at 4.8325 to 4.8340 and at 4.8520 for demand. Commercial bills 4.82 1-2 to 4.83. Bar silver 53 1-4. Mexican dollars 44.

SHOWED EFFECT ON STOCKS

Aftermath of the Violent and Sudden Advance on the Market—Firmer Tone Recovered After Reaction—Gossip.

New York, July 29.—The stock market today showed the effects of the rapid pace at which the recovery has been going on from results of a sudden and violent turn in the market began to appear. The substantial reduction of the short interest diminished the urgency of the demand and made it less easy for the opposing speculative party to bid up prices. The more substantial demand from those seeking to secure actual holdings of stocks also fell away with the movement of prices away from the inviting low prices which for the turn came.

The recovery from that low point has been so extensive and so rapid that attractive profits have accrued for those who bought to advantage. The consequence was a considerable volume of realizing sales, which, with the falling off in demand, affected prices. A firmer tone was recovered after the reaction.

The action of the market had the inevitable effect of modifying speculative opinions of conditions in themselves unchanged.

The determination to discontinue dividends on the Atlas Portland Cement stock was used to contest the rise in prices. The incident scarcely lends itself to a supposition of declining business as the possession of large contract with the government for Panama canal supplies makes it necessary to divert resources for increase of capacity.

As an evidence of the difficulty of enlisting new capital in enterprise, the incident has real importance. The point is accentuated by the persisting sluggishness of the demand for bonds, in spite of the growing abundance of resources in the money market. In special stocks the misgivings over the maintenance of dividends were at work again. A slump of 8 points in Sloss Sheffield Steel recalled the National Lead dividend episode. Preliminary estimates of the week's currency movement gave a rate of inflow to New York bank reserves that carried its suggestion of decreasing trade requirements for money. The gain for the week from various sources seems to have reached an aggregate of over $12,000,000.

Bonds were firm. Total sales par value $2,934,000. United States bonds were unchanged on call. Total sales for the day 538,200 shares.

N. Y. Bonds.

THE GRAIN MARKET.

Chicago, July 29.—It was an irregular but nevertheless logic market in wheat today. Because of the fears of shorts that a squeeze was impending here the July option showed strength while the deferred months were unmistakably weak. Crop losses in the northwest were apparently not providing so radical as expected. The close showed a net rise of 3-8 for July, contrasting with decline of 5-8 to 1 1-8 for the later deliveries. Other leading staples all finished at a loss—corn one cent to 1 1-2; oats 1-8 to 1-2c and provisions 5 to 32 1-2.

Cash wheat closed. No. 2 red 1.04 1-4 to 1.05 1-4; No. 3 red 1.02 1-2 to 1.04 1-2; No. 1 hard 1.04 3-4 to 1.05 1-2; No. 2 hard 1.04 1-2 to 1.05 1-4; No. 3 hard 1.03 1-4 to 1.04 1-4; No. 2 northern 1.12 to 1.13; No. 3 spring 1.14 to 1.16; durum 92 to 100.

Corn—No. 2, 64 to 64 1-2; No. 2 white 65 to 66 1-2; No. 2 yellow 65 to 65 1-2; No. 3, 62 3-4 to 63 1-4; No. 3 white 64 1-4 to 1-2; No. 3 yellow 64 to 64 1-4; No. 4, 61 to 62 1-2; No. 2 white 61 to 64; No. 4 yellow 62 to 63.

Oats—No. 2 new 37; No. 3 white new 37 1-4 to 38 1-4; No. 2 white 39 to 40; No. 3 white 38 to 39; No. 3 white new 37 to 37 1-2; No. 4 white 37 to 38 1-2; standard new 37 1-2 to 38; standard 39 to 39 1-2.

VISIBLE SUPPLY OF COTTON.

Hester's Statement Shows 1,9 Bales for Week.

New Orleans, July 29.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 1,915,580 against 1,966,720 last week, and 2,382,289 last year. Of this the total of American cotton is 1,022,580 against 1,037,720 last week and 1,868,689 last year and of all other kinds, including Egypt, Brazil, India, etc., 893,000 bales against 929,000 last week and 614,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe 954,000 bales against 1,749,000 last year; in Egypt 58,000 against 81,000 last year; in India 565,000 against 294,000 last year, and in the United States 339,000 against 359,000 last year.

COTTON RECEIPTS.

New York, July 29.—The following are the total net receipts of cotton at all ports since September 1st:

Galveston	2,470,806
New Orleans	1,302,282
Mobile	253,910
Savannah	1,351,679

Georgetown	1,376
Texas City	20,798
Minor Ports	13,813
Total	7,291,352

GINNERS' REPORT ON COTTON.

Indicates a Condition of 72.9 Per Cent. Up to July 25th.

Memphis, Tenn., July 29.—The report of the National Ginners' Association, issued here today indicates a condition of 72.9 per cent. for cotton up to July 25th.

This, the reports say, with average weather conditions, would seem to indicate a yield of from 11,000,000 to 11,500,000 bales.

The report by States follows: Alabama 67; Arkansas 70; Florida 72; Georgia 67; Louisiana 64; Mississippi 68; North Carolina 73; Oklahoma 83; South Carolina 68; Tennessee 75; Texas 78. Average 72.9.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

TAFT SUMMONS CRANE.

Important Conference at Beverly—Engagements Cancelled.

Beverly, Mass., July 29.—Senator Winthrop Murray Crane, of Massachusetts, who occupies in the Senate a position similar to that of the Republican "whip" in the House of Representatives, was summoned to Beverly today by President Taft for a long conference.

Senator Crane is perhaps the closest political adviser the President has. He was asked by the President to make a trip through the West in the near future, going as far as Seattle, Wash. He will inquire into political conditions in the States through which he travels. The President is said to desire this information first hand. He has the utmost confidence in Senator Crane's sagacity.

During the last session of Congress, Mr. Taft relied absolutely upon Senator Crane and often made him the means of communicating the administration's views to the Senate.

In selecting an emissary to the Middle and Far-West the President naturally turned to Senator Crane. The Senator has already made a few quiet trips of observation and discussed what he had learned with the President today. Mr. Taft is anxious to have an impartial survey made of the field.

He believes that an outsider can get and give a better understanding of the situation in the different States than the leaders actively engaged in the politics of the various commonwealths.

Today's action is regarded as one of the most important politically that Mr. Taft has ever made. The Senator's visit was surrounded with the greatest secrecy.

The report that Senator Crane is to include Seattle in his journeying, if he accepts the commission given him by the President today, brought out the flat denial, that Mr. Crane's visit to the President had anything to do with the Ballinger-Pinchot controversy. It is stated with authority that the President never has considered and never will consider asking Secretary Ballinger to retire from the cabinet.

Another significant move made by the President today was the announcement that Mr. Taft had cancelled all of the engagements tentative and otherwise, that he made in the different parts of the country for this Fall. Important affairs of administration, it was said, would keep the President busily engaged at Beverly and Washington until November. In November, it was announced the President will make a three weeks' trip to th Isthmus of Panama to observe the progress of the work on the big canal.

Whether the cancellation of the numerous engagements for the Fall means a reversal of the President's travel policy or not, could not be learned. Political considerations may have had a great deal to do with the President's decision.

In the list of wholesale cancellations announced today, there were three omissions. The President will go to Provincetown, Mass., on August 5th, to review the Atlantic battleship fleet and to speak at the dedication of the Pilgrims monument. He has left open the question of whether or not he will speak at the National Conservation Congress, which meets in St. Paul September 5-7, and at the unveiling of the Reed monument, in Portland, Me., on August 11th. The chances are that the President will go to St. Paul.

Concerning the cancellation of his Western and Southern trip this Fall and his forthcoming visit to Panama it was said today that the President finds himself confronted with conditions which have required him to re-arrange his programme for the Fall between September 11th and December, when Congress meets.

The very great number of important legislative acts of the present Congress have imposed upon him additional executive duties requiring a great deal of investigation and administartive supervision of work.

The President said today that he regards the Panama canal as one of the very great executive responsibilities of his administration. He holds that a rapid and efficient development and prompt completion of this great enterprise to be of the highest national importance. Experience, Mr. Taft says, has shown that nothing stimulates the work so much as a visit by the President. For this reason he expects to take twenty days in November in going to the Isthmus and inspecting the progress which has been made there and in settling some questions of importance to the administration that await his coming.

The chances are that President Taft will leave immediately after election day, November 8th. He probably will sail from Norfolk on one of the armored cruisers or battleships of the Atlantic fleet.

Some of the things which will occupy the President's time in the immediate future and which entered into his determination to avoid all travel during the early Fall, are the Supreme Court appointments, the appointment of a court of commerce, the appointment of a railroad stock and bond inquiry commission; the subject of economy in the Congressional administration, the estimates for the coming fiscal year and the preparation of the annual message to Congress.

Among the engagements officially cancelled today are the governors conference at Frankfort, Ky., November 29th; the trans-Mississippi congress, San Antonio, Texas, November 22nd-25th; the Atlantic Deeper Waterways Association convention, Providence, R. I., in September; the Appalachian Exposition, Knoxville, Tenn., early in October; the Tennessee State Fair Nashville, late in September, and the Louisiana State Fair, Shreveport, in November.

ARREST OF CRIPPEN PLANNED

(Continued From Page One.)

of the St. Lawrence tomorrow and should arrive here Sunday afternoon. She is due at Quebec early Monday morning. Inspector Dew and Chief McCarthy visited the local wireless station today to make sure that the restriction placed by the government upon wireless communication with the Montrose were regarded. The police say that the couple aboard the vessel do not yet know that they are under suspicion and that every precaution is being taken to prevent their getting wind of the elaborate preparation to receive them here. The police fear that if any of the passengers hear of the suspicion regarding the alleged Crippen the latter may learn and the task of identifying and arresting him on Sunday will be made more difficult. By a complete surprise Inspector Dew and the Canadian police hope to break down the self-possession of the man and perhaps obtain a confession before he reaches Quebec.

One of the passengers on the Laurentic said that Dew passed among them as a London business man and until the wireless brought exposure no one on board had the slightest suspicion of his being a detective.

Frederick M. Ryder, United States Consul at Rimouski, arrived here today and conferred with Chief McCarthy to familiarize himself with the Crippen case in the event the man thought to be Dr. Crippen is arrested and demands protection as an American citizen. The consul will be notified immediately if any arrest is made. Mr. Mr. Ryder said he doubted if Dr. Crippen would appeal to him if arrested.

Mr. Ryder does not expect that Crippen's rights as a citizen of the United States will interfere in any way with the programme laid out by the Canadian authorities.

Warrant Out for Crippen.

Quebec, July 29.—If the suspected passengers aboard the steamer Montrose proves to be Dr. Crippen, he will be arraigned under the provisions of the fugitive offenders act between British possessions. With this procedure formal extradition will be necessary.

A warrant for the arrest of Crippen has already been sworn out returnable before Judges Angers, a police magistrate. This warant, it is understood, was issued as early as last Monday, but was kept secret not to interfere with the administration of justice.

Ashley Horne was at Greensboro yesterday, attending a meeting of the directors of the Dixie Fire Insurance Company, this being one of his numerous side interests. The Chronicle asked him if its suggestion that he go along to the Legislature with Carr and Boyden had given him much trouble. "Boy," said he, "I've got letters and marked copies of papers enough to fill a bushel basket, all urging me to go." Mr. Horne is plainly moved by these manifestations of interest on the part of the people and it is safe to say that he is not in a position to resist the pressure. The Johnston county Democratic convention will meet next week and the public may be prepared to hear of Mr. Horne's nomination. The fact that in the last election Johnston county gave Taft about 300 majority does not stand in Mr Horne's way. What bothers him is to get time away from his business interests, which are diverse and widely scattered, to devote to legislative duties. We feel confident, however, that Mr. Horne will eventually yield to the State to make the next Legislature an exceptionally strong one.—Charlotte Chronicle.

They may have it figured out all right, but the rest of us do not understand how the Democrats expect to elect two Congressmen in the Sixth District.—Durham Herald.

It is complained that Maine has a 10,000 shortage of domestic servants. Probably the Maine men have married their cooks and the cooks have refused to return to the kitchen.

The country is in need of a political party which will permit the masses to enjoy prosperity without any special guarantee of prosperity to the classes.

CURES PIMPLES EASY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Co. have done the biggest business it ever had in any one article in selling Hokara, the skin food that has won so many friends in Wilmington.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, ache, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound on disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, they will sell a liberal-sized jar for 25 cents. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

What you may have been calling the "good fortune in business affairs" of someone you know may be simply the courage to advertise

STRONG GOOD ROADS SPEECH.

Address of M. V. Richardfis—Oppose New Orleans for Panama Show.

Niagara Falls, July 29.—A resolution introduced by John Craft, president of the Good Roads Congress, of Alabama, endorsing the holding of the Panama Canal Exposition at New Orleans met with opposition at today's session of the National Good Roads Congress. After a sharp colloquy it was buried in committee.

M. V. Richards, of Charleston, S. C. land and industrial agent of the Southern Railway, who was to have addressed the convention was unable to be present. His address was read in part as follows: "The citizens of almost every distributing point in the United States have begun to realize the necessity of good roads radiating from the town and reaching every portion of the country and section tributary to it. The dismal days of mud and mire are passing, and the country road is changing into a highway passable in every season of the year. Farmers are learning that the conservation of time is one of the chief factors in creating wealth, and that every hour lost in hauling their products over broken roads reduced the power of production on the farm. We have made some calculations which prove the truth of this proposition, and have secured data from the best authorities in support of it. Bad roads consume time, which is the equivalent of labor; and the labor over mired teams and broken gear is labor taken away from the farm where it would have been producing, and given to a task that produces nothing—except profanity.

"Prof. Latta, after a careful study of conditions in a number of Indiana counties, has stated that the poor roads in that section entail an annual loss, and the good roads afford an annual gain, of $2 432 for every 640 acres of land over which traffic passes, and that the change from poor and unkept roads to well constructed roads adds approximately $9 to the value of every acre in that district.

"The railways are deeply interested in these good roads campaigns. Years ago, the Southern Railway Company with which I am connected, co-operating with this association and the Federal government's Good Roads Department, operated a special demonstration train consisting of ten cars fully equipped, for a period of six months through Virginia, the Carolinas, Georgia, Alabama, Mississippi, Tennessee and Kentucky. The results achieved are evidenced by the many miles of good roads which have been built in the territory traversed by the train.

"My earnest suggestion to the farmer, landowner and taxpayer is that they calculate the annual expense incurred in traffic and travel over both poor and good roads, and note the difference in the figures. This will convince them of the truth of our contention that the material progress of the section they live in, of their State, and of the whole nation, will be doubled by the construction of good roads, in the enhanced values of lands, the multiplication of school houses, and the cheapening of crop movements."

STRIKE RIOT AT COLUMBUS.

Troops Unable to Cope With Situation —Service Suspended.

Columbus, O., July 29.—Presence of three regiments of the Ohio National Guard did not deter Columbus rioters and tonight proved to be the worse since the car strike began. A score of imported employes of the Columbus Railway & Light Company were injured by stones, bricks and other missles and by 10 o'clock car service, which had been resumed at 4:30 was suspended and cars were taken to the barns for the night.

Mayor Marshall late tonight said he was disappointed in the aid lent by troops. Promptly on his arrival Gov. Harmon had declared that the militia could not be used for police duty. He declared that they should remain in their camps unless summoned to points where rioting broke out. The result was that nightfall came, the union sympathizers began attacks on cars in all sections of the city. As they did not gather in crowds, there were with two exceptions, no mobs to disperse. Before the troops could be summoned, cars had been stoned and the guilty persons had made their escape.

Retail merchants will call on Gov. Harmon tomorrow to summon the Legislature in special session to provide a compulsory arbitration law.

Adjutant General Weybrecht after a conference at midnight with Mayor Marshall regarding the street car strike situation here during which the Mayor presented a report of 39 riot calls responded to by the police, announced that during the morning he would completely patrol the city with troops and that if the force here proved insufficient he would summon either the fifth or the eighth regiment.

FRUSTRATED BOLD HOLD-UP.

Attempt Made to Rob Occupants of a Stage Coach.

Ouray, Colo., July 29.—An attempt to hold-up a stage coach containing a party of eight easterners was frustrated yesterday by the coolness and nerve of Samuel McCurley, of Pittsburg, a retired financier.

The party was returning from an outing in the mountains in the old fashioned coach driven by A. L. Stewart, a veteran stage driver, when two bandits stepped into the road and ordered Stewart to stop.

Stewart promptly elevated both hands but McCurdy opened fire with a automatic revolver.

The bandits answered with a couple of wild shots and took to the woods while the bullets from McCurdy's pistol splashed around them. A posse sent out from Ouray failed to find traces of the robbers.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

PLAN TO BOOST SOUTH.

Southern Commercial Congress Arranges Atlanta Meeting.

Atlanta, Ga., July 29.—A new plan for advancing the development of the South's resources was originated by the executive officers of the Southern Commercial Congress, who met here today. October 7th over 750 representative business men of 16 Southern States will meet here to devise means of advertising the natural wealth of the South and of disseminating among business men, farmers and merchants of this section, data on the best methods of developing the South's resources.

Today's meeting was attended by John M. Parker, of New Orleans, president of the Congress; Charles Hall Davis, of Petersburg, Va., secretary of the Congress.

The Governors of the 16 States will be asked to participate actively in the movement and each Governor to appoint ten of the foremost business men of their section to attend the meeting on October 7th.

The States are Texas, Missouri, Oklahoma, Arkansas, Kentucky, Tennessee, Mississippi, oLuisiana, Alabama, Florida, Georgia, North Carolina, South Carolina, Virginia, West Virginia and Maryland.

Before this gathering will be laid the plans already worked out by the officers of the Southern Cammercial Congress. The business men will be asked to amplify these plans, to work them into form to fit the needs of every section of the South, and to spread in their States for the development of Dixie. They are to be instructors, in a campaign for education in prosperity.

This meeting will be a preliminary for the second annual convention of the Southern Commercial Congress, which will be held in Atlanta, next Spring, at a date to be selected later.

EXPLORING PARTY TURNS BACK.

Geological Society's Exploration of Mt. McKinley a Failure.

Seward, Alaska, July 29.—It was credibly reported here today that the American Geological Society's expedition headed by Prof. Herschel Parker, of Columbia University and Belmore Brown, of Tocoma, has failed in its efforts to climb Mount McKinley; that the expedition has turned back and that its members will arrive here within a few days.

Prof. Parker gives shortage of supplies as the reason for abandoning the effort.

The American Geological Society's expedition started from Talkeetna a day later than the Portland, Oregonian-New York Herald expedition, and went up the Chulita in the powerboat Explorer built expressly for the party.

Al. Cool and Joseph Ridley, members of the Portland Oregonian-New York Herald expedition which set out in April to ascend Mt. McKinley and which turned back unsucessful, arrived in Seward last night.

Cool and Ridley insists that no party has ever reached the summit and say that 5,000 feet of precipitious cliffs surround the top.

Week-End Dance Tonight.
